If I were mayor essay
Whitfield VMS

If I were mayor, I would found a club that sends volunteers to animal shelters, nursing homes, et cetera. That way, the community will be a little bit happier, and the volunteers would have a few more volunteer hours on their college applications. I also think it would be nice if the volunteer club went on sponsored trips to educate others about what they're doing, so that the club could tell people what they can do for the community besides playing on video games.

I would also like to see more public transportation to reduce car emissions. It is a lot better for the planet to use public transportation. Also, you never know who you might meet on the bus. With a bus, you won't get arrested for texting unless you're the driver. Buses also drive slower, which lessens the risk of an accident.

I would very much enjoy the YMCA if you got free acess to the pools. It seems that only a few people can afford to swim in the pools during a sunny Valdosta summer. At the very least, the YMCA should half the membership fee. That way, children and adults can have lots of fun at the pool during a scorching summer day in Valdosta.

In conclusion, I hope that John Gale reads this and thinks that this might be the best yet. If not, I'm fine with that. I'm not a sore loser. Some of these things may not be in his power. That's ok. I just want someone important
