DESCRIPTION - DEMOLITION

This structure contains asbestos. In accordance with NESHAP asbestos abatement requirements, the awarded contractor must ensure that all asbestos containing materials are removed and disposed of by a State licensed asbestos abatement professional. Contractors may elect to perform a NESHAP compliant wet demolition, but the asbestos must still be properly removed and disposed of by a licensed abatement professional following completion of the wet demolition.

Upon completion of the project, the Contractor must provide the City of Valdosta with a copy of the approved Asbestos & Demolition Project Notification form, waste tickets, and/or documentation of proper disposal for all asbestos containing materials. All handling, removal, disposal, and reporting must comply with applicable federal, state, and local regulations.

Please call the (Senior Marshal Josh Hunt 229-460-9402) for a full description of the scope of work before submitting a bid.
