

OUR MISSION

The mission of the Valdosta Tree Commission is to promote the preservation of our tree resources within the City of Valdosta through educational outreach and to encourage the planting of trees throughout the city limits to further enhance the natural beauty of our community.

MEMORIAL TREE PROGRAM

A Growing Memory

Valdosta Tree Commission

MEMORIAL TREE PROGRAM

The Valdosta Tree Commission is pleased to offer a Memorial Tree Program to celebrate a life or special event, while promoting the planting of trees throughout Valdosta.

Objective

To honor an individual, group, or event by planting a tree.

Overview

Individuals, businesses, civic and religious organizations may participate in the Memorial Tree Program. Once the necessary paperwork has been received, the Valdosta Tree Commission will coordinate the details, such as selecting an appropriate canopy tree and securing a location to plant on public property. Additionally, one marker engraved with up to 40 characters will be installed at the base of the tree. You will be contacted prior to planting.

Costs

Memorial trees are \$500 each. This includes the cost to purchase the tree and marker, installation, and maintenance.

Tree Planting

The Valdosta Tree Commission accepts gifts at any time of the year; however, trees are generally planted from November through February. The City of Valdosta's Arbor Division will plant and maintain the tree. A dead or destroyed tree will be replaced one time by the Valdosta Tree Commission.

MEMORIAL TREE In memory of _____

Inscription for marker (limited to 40 characters) _____

Individual / organization offering memorial _____

Address _____

City, State, Zip _____

Contact name _____ Phone _____
