FLOOD MANAGEMENT PROJECT DESIGN CHECKLIST

FACILITY NAME:	ANALYSIS BY:			
FACILITY LOCATION:	FACILITY TYPE:			
BASIN AREA TO FACILITY:	BASIN OUTFALL FLOWS TO WATER OF THE STATE:			
DATE OF ANALYSIS:				
The Water Quality Improvement Worksheets have been utilized to Yes No analyze the project's potential to address water quality.				
2. The project design adheres to the requirements of the Georgia Stormwater Management Manual. Yes No				
The Design adheres to the requirements of runoff regulations and design standards.	of local post construction Yes No			
Describe how the design of the flood mail quality:	nagement project addresses water			
5. If the design does not address water qual is not feasible, please explain:	llty, or if a retrofit of an existing project			
	N.T. cf

WATER QUALITY IMPROVEMENT WORKSHEET: PROPOSED MS4 FACILITY

FACILITY NAME:		ANALYSIS BY:		
FACILITY LOCATION:		FACILITY TYPE:		
BASIN AREA TO FACILITY:		BASIN OUTFALL FLOWS TO WATER OF THE STATE:		ATE:
DATE OF ANALYSIS:				-
			Start	·
No improvements warranted for this facility	Can the count expect water quality issues what the basin is full identified.	ren 🚐	Are there known water quality problems down stream from this facility	
,	,		→ Û	
Install BMPs per Plan. Enjoy Cleaner Water	₹	Υ	Are BMPs included in the design to deal with the quality issues?	List Quality issues:
			и	
No Improvement because of the lack of benefit to water quality downstream from this facility. No Improvement because of the lack of benefit to water quality downstream from this facility.	Are there nonstandard ide that may Impro water quality do stream from the site?	wn N	Is there a BMP that will improve the water quality problems down stream from this facility?	List BMP:
provide BMP solution			∨ 	
No improvement because of the lack of land to install BMP. Evaluate smaller BMPs	Can the project area be expand with additional land or easement to accommode the BMPs?	ted I	Is there enough project area to accommodate the addition of BMPs?	List Property Issues:
			× ↓ .	
No Improvement because of lack of funding to install BMP, Evaluate citem funding optio (Grants loar community involvement	on. C pr	an money be added to the oject budget to include BMPs?	is there money in the project budget to add BMPs?	Ust Funding:
	√ Û	ŨΥ	ŨΥ
