Introduction

CITY OF VALDOSTA, GEORGIA

L. MARK BARBER
DEPUTY CITY MANAGER
ADMINISTRATION

Citizens of Valdosta, GA Honorable Mayor, Members of Council,

In accordance with State Statutes and Section 4.51 of the Charter of Valdosta, Georgia, the Comprehensive Annual Financial Report for the fiscal year 2010 is submitted herewith. Responsibility for both the accuracy of the data and the thoroughness and fairness of presentation including all disclosures rests with the City of Valdosta. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain maximum understanding of the City's financial affairs have been included.

The Comprehensive Annual Financial Report is presented in four groupings: an Introductory Section, Management's Discussion and Analysis, and a series of Financial Sections and a Statistical Section.

The Introductory Section includes this letter of transmittal, a general governmental organizational chart, and a list of principal officials of the City of Valdosta.

Management's Discussion and Analysis, which is required by GASB beginning with the fiscal year 2003 report, for the City of Valdosta, includes summarized financial information about the City, an analysis of the past year's operations of general government and major enterprise activities, an overview of the City's major enterprise activities, and an overview of the City's current and future economic picture as well as its major initiatives and financial accomplishments for the year.

The Financial Sections include the City's external auditor's letter expressing an opinion as to the accuracy and fairness of the presentation, the audited financial statements and supporting schedules and notes. The combined statements in this section present an overview of the City's entire financial operations. Combined and individual fund statements present financial data of each of the separate funds of the City. Schedules provide certain other information summarized in the financial statements. The notes are an integral part of the financial statements and provide additional information which is essential to an accurate understanding of the government's financial condition.

The City of Valdosta receives federal assistance through various federal grant programs. An audit in accordance with the Single Audit Act of 1984, P.C. 98-502, and Office of

Post Office Box 1125 • 216 East Central Avenue • Valdosta, GA 31603-1125 Telephone (229) 259-3518 • Fax (229) 333-1858 • mbarber@valdostacity.com An Equal Opportunity Employer Management and Budget (OMB) Circular A-133, "Audits of State and Local Governments and Non-Profit Organizations," and "Government Auditing Standards" issued by the Comptroller General of the United States has been performed for the fiscal year ended June 30, 2010. The required reports on supplementary information, compliance, and internal controls along with various supplementary schedules will be included in compliance section.

Reporting Entity

The City of Valdosta was originally incorporated by an Act of the General Assembly of Georgia on December 7, 1860 and since April 14, 1958 has operated under the Council-Manager form of government. The City provides a full range of services to some 50,000 residents. The daytime population of Valdosta soars to approximately 75,000. These services include general administrative services, police and fire protection, sanitation services, water and sewer services, the construction and maintenance of highways, streets, recreational activities and cultural events. The financial statements in this report include all of these functions and activities of the government.

In addition to the above listed activities, the City has financial accountability for one other organization based on its ability to appoint a voting majority of the organization's governing body, and effectively impose its will on the organization. Also, financial accountability exists where there is potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Based upon the application of these criteria, the function and activities of the Central Valdosta Development Authority have been included in the financial statements. The Authority was established by an act of the General Assembly of Georgia to redevelop and improve the central Valdosta area.

Valdosta is governed by a mayor and seven council members elected by the citizens. The Mayor serves a four-year term, and is the official spokesman for the City. Members of the City Council serve four-year staggered terms. The six district Councilmen represent specific districts within the territorial limits of Valdosta. The one councilman at large is elected from all districts. The City Manager is appointed by the Mayor and confirmed by the Council, and is responsible for the day-to-day operation of the government.

Natural Features and Land Use

Valdosta is strategically located at the southern entrance to the State of Georgia on the major interstate highway system (I-75) linking the Great Lakes and Midwest areas with major recreation and vacation centers in Florida.

The City is growing an average of thirty-three percent each decade in physical size. A County comprehensive plan shows this trend continuing for the foreseeable future.

Historic buildings are located mostly in the central portion of Valdosta and include residential, commercial and public buildings. Private and public actions have identified the importance of historic resources. Both the private and the public sectors have renovated many buildings in the past several years.

The City downtown area is enjoying near 100% occupancy of buildings. The newly revitalized central downtown area is home to commercial, public and most recently residential dwellings.

Population

The City's population has grown 30% in the last twenty years with 12% growth experienced in the last ten years. The City of Valdosta has the largest percentage of residents in Lowndes County with 48.97% percent of the entire population residing within the City limits of Valdosta.

Major regional facilities located in the City include a regional university, regional airport, regional hospital, and major industrial parks. Of the 45,959 jobs in Lowndes County, 31,815, or 70 percent, are located in Valdosta. Consequently, of the 18 largest employers in Lowndes County, 15 are located in the City of Valdosta.

Population density, a primary indicator of service delivery, is approximately 1,500 people per square mile in the City of Valdosta and only 93 people per square mile in the unincorporated area of Lowndes County.

Economic Condition and Outlook

Valdosta is clearly the economic engine of Lowndes County. Valdosta is the economic, social, cultural, retail and professional services anchor for not only Lowndes County, but for a 250,000 population area. Because of the City's regional presence and results of the 2000 Census, the City was designated a Metropolitan Statistical Area (MSA) in June 2003. The area covers a four county region in South Georgia.

The Valdosta MSA offers regional residents and consumers a large variety of flourishing economic engines in industry, education, medicine, tourism and entertainment, and retail. The strength in the City of Valdosta's economy lies not only within this diversity, but also a high quality of life, temperate climate, pro-business attitudes and supporting policies, and convenient geographic location.

Moody Air Force Base is located in the northwest section of the County, and continues to be a major employer of the region. Development patterns of the community have been significantly influenced by its presence. The continued presence of Moody is paramount to the growing economy of Valdosta, and to such extent, the City makes an annual contribution to the Moody Support Committee, with local officials making a yearly trip (more if necessary) to Washington D.C. to mitigate any efforts of Moody being included on the base closure list.

Education continues to be an economic resource to Valdosta. Valdosta State University, a senior unit of the University System of Georgia, offers undergraduate, graduate and doctoral degree programs in numerous areas. Total enrollment at the University is approximately 12,000 students with substantial growth projected in the future. However,

as the university expands, property purchased by the university is removed from the tax roles because it is designated public property.

A recent study and report by the University of Georgia designated Lowndes County with the highest retail pull factor in Georgia. This factor measures the amount of spending in a community from those who live outside the community. Over one billion dollars worth of retail sales occurred in Lowndes County last year, with virtually 80% of these sales occurring within the corporate limits of Valdosta.

Even with the above mentioned positive attributes of the City's economy, anemic property tax revenues, lagging sales tax collection, and surging healthcare costs coupled with the increased demand upon public safety and other City services affect the City of Valdosta. In an effort to prevent using reserves to balance the annual budget, each department director is held accountable for their respective department's budget.

The continued instability of the national economy and significant attention given legislation mandated by the State has required local governments to become creative in meeting these difficult challenges. The City of Valdosta will continue to be proactive in the generation of other revenue sources.

Major Initiatives

A focus on revitalization of economically depressed areas in the City has proven successful through collaboration among City officials, residents, non-profit and for-profit organizations, and business to clean up neighborhoods and provide education programs that allow neighborhoods to continue their revitalization efforts independently.

The continuation of a special purpose one percent sales tax will enable the City to fund the City's five year capital plan. This plan includes major drainage and road improvements, water and sewer improvements, and construction of additional public facilities.

Looking to the Future

Facing the needs of a rapidly growing metropolitan community typically places a burden on the financial flexibility of any governmental unit. The City of Valdosta has recognized that it alone is incapable of solving all of the issues facing the metropolitan community. So instead, the city is striving to address growth demands on the community both by individual initiative and by actively participating with other local governments in seeking solutions to growth issues.

Broader revenue flexibility will be essential to maintain Valdosta's traditionally strong financial condition and to address the challenges of growth. The City, the Georgia Municipal Association, and the Association of County Governments are seeking new optional local flexibility in an effort to match new revenues with capital objectives.

Although the State has not addressed significant broadening of local government latitude, the growth of the City and its related impact in revenue has allowed for an adequate effort to meet the demands of growth.

Cash Management

The available assets of the various funds are pooled to the extent possible for investment purposes. Investments are made in accordance with applicable State laws and the City's investment policy. All securities purchased by the City are held by a designated safe keeping institution. Similarly, demand deposit bank accounts must be collateralized by a pledge of the State of Georgia or United States Treasury or Agency obligations equal in market value to 110% percent of the uninsured amount of deposit. The investment policy also prescribes selection criteria for investment instruments and maturities of investments.

Risk Management

The management of risk through loss control continues to be an integral part of the administration of the City.

Risk Management activities includes claims processing, investigation, adjustments and settlements, insurance placement, and implementing loss control measures through the use of training and safety inspections. The City is self-funded with regard to workers' compensation, employee health coverage, and general liability claims. The City carries property insurance on all City owned facilities and vehicle insurance for City equipment.

Independent Audit

Georgia requires an annual audit of the books of account, financial records, and transactions of all administrative departments of the City by independent certified public accountants selected by the Mayor and City Council. The City has complied with this requirement; the firm of Mauldin & Jenkins has completed an audit of the 2009 fiscal year end and the auditor's unqualified opinion has been included in this report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Valdosta for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2010. This was the twenty-third consecutive year the City received this award.

The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. The report must satisfy both generally accepted accounting principles and applicable legal requirements.

The City was awarded the Distinguished Budget Presentation Award for the fiscal year beginning July 1, 2010. This was the twelfth consecutive year the City has received this

award. The Distinguished Budget Presentation Award is the highest form of recognition in governmental budgeting. In order to earn this award, a government must publish a budget document which meets program criteria as a policy document, financial plan, operations guide, and as a communications device.

Both the Certificate of Achievement and the Distinguished Budget Award are valid for a period of one year. We believe our current Comprehensive Annual Financial Report and our 2010 fiscal year budget document continue to conform to the requirements for each award.

Acknowledgements

The preparation of the Comprehensive Annual Financial Report was made possible by the dedicated service of the Accounting Division of the Finance Department under the direction of the Financial Services Manager, Chuck Dinkins. They have my sincere appreciation for the contributions made in the preparation of this report, as well as all additional individuals who assisted in this effort. Appreciation is also expressed to the Mayor, Council Members, City Manager and Department Directors for their cooperation and outstanding assistance in matters pertaining to the financial affairs of the City.

Respectfully submitted,

L. Mark Barber

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council Valdosta, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **City of Valdosta**, **Georgia** (the "City"), as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Valdosta, Georgia's, management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Valdosta, Georgia, as of June 30, 2011 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, as of July 1, 2010.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 3, 2012, on our consideration of the City of Valdosta, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 3 through 15), budgetary comparison information (on pages 75 and 76), and the Schedule of Funding Progress (on pages 78 and 79) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Valdosta, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements of the City of Valdosta, Georgia. The schedules of expenditures of special purpose local option sales tax proceeds are presented for purposes of additional analysis as required by the Official Code of Georgia 48-8-121 and are also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Macon, Georgia April 3, 2012 Mauldin & Gerkins LLC

Management's Discussion and Analysis

This section of the City of Valdosta's Comprehensive Annual Financial Report presents a discussion and analysis of the City's financial performance during the fiscal year ending June 30, 2011. Please read it in conjunction with the transmittal letter at the front of this report and the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets of the City of Valdosta exceeded its liabilities at the close of the most recent fiscal year by \$239.46 million. Of this amount, \$4.92 million may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's governmental net assets decreased by \$6.27 million, primarily due to economic conditions dictating the use of investment funds to supplement current cash.
- The governmental activities revenue decreased \$4.08 million (or 10%) and the net results from activities decreased \$1.40 million (or 29%). The results of activities produced a decrease in net assets of \$6.27 million. Governmental expenses decreased by \$2.91 million.
- The business-type activities revenue decreased by \$2.54 million (or 10%) and the net results from activities decreased by \$3.55 million. The results of activities produced an increase in net assets of \$1.97 million.
- The total cost of all City programs decreased by \$1.42 million.
- The General Fund (the primary operating fund of the City) reflected on a current financial resource basis, reports a net reduction in fund balance of \$3.58 million.
- The City's total debt increased \$29.3 million (or 343%). The increase is the result of debt incurred with Georgia Environmental Facilities Authority in regard to water/sewer infrastructure improvements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City's operations in more detail than the government-wide statements.

The Governmental Funds statements explain how general government services such as public safety were financed in the short term as well as what remains for future spending. The City of Valdosta has four Governmental Fund types: the General, Special Revenue, Capital Projects, and the Permanent Fund.

Proprietary fund statements offer short- and long-term financial information about the activities the government operates in a manner similar to businesses, and include the Sanitation, Water and Sewer, Inspection, Zoning, Department of Labor Building, Auditorium, Storm Water, and Motor Fuel Funds.

Fiduciary fund statements provide information about the financial relationships in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong. The City's Fiduciary fund consists of two Agency Funds.

The financial statements also include notes that explain certain information in the financial statements and provide more detailed data.

Figure A-1 summarizes the major features of the City's financial statements, including the portion of the City they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Figure A-1

Major Features of City of Valdosta's Government-wide and Fund Financial Statements

Fund Statements

	Government-wide Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire City government (except fiduciary funds) and the City's component units.	The activities of the City that are not proprietary or fiduciary, such as police, fire, and engineering	Activities the City operates similar to private businesses: Sanitation, Water & Sewer, Inspections, Zoning, Department of Labor Building, Auditorium, Storm Water, and Motor Fuel	Where the City is the trustee or agent for someone else's resources
Required financial statements	Statement of Net Assets; Statement of Activities	Balance Sheet; Statement of Revenues, Expenditures, and Changes in Fund Balances	Statement of Net Assets; Statement of Revenues, Expenses, and Changes in Net Assets; Statement of Cash Flows	Statement of Fiduciary Net Assets; Statement of Changes in Fiduciary Net Assets
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the City's funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during the year, regardless of when cash is received or paid

Government-wide Statements

The government-wide statements report information about the City of Valdosta as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's assets and how they have changed. Net assets—the difference between the City's assets and liabilities—is one way to measure the City's financial health, or position.

- Over time, increases or decreases in the City of Valdosta's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City, the reader should consider additional nonfinancial factors such as changes in the City's property tax base.
- Governmental activities—Most of the City's basic services are included here, such as the police, fire, public works, and general administration departments.
 Property taxes, sales and use taxes, and state and federal grants finance most of these activities.
- Business-type activities—The City of Valdosta charges fees to customers to help cover the costs of certain services provided. The City's garbage pickup, water/sewer service, building inspection, zoning, building rental, auditorium, storm water, and motor fuel services are included here.
- Component units—Component Units are legally separate entities that meet any one of the following criteria: (1) The primary government appoints the voting majority of the board of the potential component unit, and is able to impose its will on the component unit and/or is in a relationship of financial benefit or burden with the potential component unit, (2) The potential component unit is fiscally dependent upon the primary government, or (3) The financial statements would be misleading if data from the potential component unit were not included. The City of Valdosta includes the Central Valdosta Downtown Development Authority, and the Downtown Development Authority as discretely presented component units.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds—not the City as a whole. The "fund" level is where the basic unit of financial organization and operation within the City exists. Funds are accounting tools that are used to keep track of specific sources of funding and spending for particular purposes. They are the basic budgetary and accounting entities.

• Some funds are required by State law and by bond covenants.

• The City establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The City of Valdosta utilizes three types of funds:

- Governmental funds—most of the City of Valdosta's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that help determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship (or differences) between them. The measurement focus of governmental funds is upon determination of financial position and changes in financial position (sources, uses, and balance of financial resources) rather than upon net income determination. These funds are maintained on a modified accrual basis of accounting (explained further in the notes to the financial statements under "Summary of Significant Accounting Policies"). The basic financial statements for governmental funds are the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balance. The City of Valdosta utilizes four types of governmental funds: the General Fund, Special Revenue Funds, Capital Project Funds and Permanent Funds.
- Proprietary funds—Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. Two types of proprietary funds exist: enterprise funds and internal service funds. The City of Valdosta's enterprise funds are the same as its business-type activities yet provide more detail and additional information, such as cash flows. Internal service funds are used to report activities that provide supplies and services for the City's other programs and activities. The measurement focus of proprietary funds is upon determination of net income, financial position and change in financial position. These funds are maintained on the accrual basis of accounting. The Balance Sheet, Statement of Revenues, Expenses and Changes in Fund Net Assets, and Statement of Cash Flows are all required statements.
- Agency Funds—because Agency funds are custodial in nature, the only required
 financial statements are the Balance Sheet and Statement of Changes in Assets
 and Liabilities. The measurement focus of Agency Funds is upon determination
 of financial position. Agency Funds are maintained on the accrual basis of
 accounting. Activities of this fund are not included in the Government-wide
 Statement of Activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS FINANCIAL ANALYSIS OF THE CITY OF VALDOSTA AS A WHOLE

Net assets. The City of Valdosta's combined net assets decreased 1.76 percent from \$243.76 million at June 30, 2010 to \$239.46 million at June 30, 2011. (See table A-1.)

Table A-1

Unrestricted	8.29	5.67	(2.33)	.90	5.96	5.67	(9.06%)
Total Net Assets	\$152.25	\$145.98	\$91.51	\$93.48	\$243.76	\$239.46	(1.76%)

Net assets of the City's governmental activities decreased by 4.12 percent to \$145.98 million. However, much of those net assets are restricted as to the purposes for which they can be used, or are invested in capital assets (buildings, roads, and such). Consequently, unrestricted net assets showed a \$4.02 million surplus at the end of the year. This surplus does not indicate that the City has resources available beyond its long term commitments.

The surplus in unrestricted governmental net assets was negatively affected by several factors for fiscal year 2011. Again, the downturn in the economy contributed greatly to this change, coupled with the City's recognition of Other Post Employment Benefits liability. The City was required to recognize the liability in fiscal year 2009.

Although the net assets of the City's business-type activities increased by 2.15 percent to \$93.48 million, these resources cannot be used to add to the net asset surplus in governmental activities. The City generally can only use these net assets to finance the continuing operations of the business-type activities.

Changes in net assets

The City's total revenues decreased by 9.8 percent to \$61.32 million. (See Table A-2) Approximately 40 percent of the City's revenue comes from fees charged for services, 15 percent from sales taxes, and 10 percent from property taxes, and 14 percent comprising such revenue items such as business occupation license fees, franchise fees, and insurance premium fees. The remaining 21 percent represents grants, accommodation tax and investment revenue.

The total cost of all programs and services decreased by 4.2 percent. The City's expenses cover a myriad of services, with approximately 30.86 percent related to public safety, 33.53 percent related to general government expenses, and 18.33 percent related to water/sewer expenses. The balance of 17.28 percent is comprised of public works, recreation, economic development, solid waste, inspection, zoning, auditorium, storm water, and motor fuel functions.

Table A-2 and the narrative that follows consider the operations of governmental and business-type activities separately.

Governmental Activities

Revenues for the City's governmental activities decreased \$4.10 million (or 9.6%) to \$38.70 million, while governmental activities expenses experienced a decrease of \$2.91 million (or 6.0%) to \$45.53 million.

Governmental revenue decreased largely due to the decrease in grant recognition. The prior year included funding in regard to the American Recovery and Reinvestment Act. Additionally, the City of Valdosta continues to experience sluggish sales tax collections.

The decrease in governmental activities can be attributed to a deceleration of funding as it relates to the City Special Purpose Local Option Sales Tax Fund. The one cent tax is approved through a referendum process and the collection must be utilized for capital projects. Fiscal year 2010 experienced much capital construction and the culmination of various projects. In fiscal year 2011 there were more planning and design expenses for future SPLOST projects, as opposed to actual physical construction. Secondly, the decrease in governmental expenses is a result of departmental budget reduction in order to mitigate the slow moving economy.

Table A-3 presents the cost of each of the City's five largest governmental programs, as well as each program's net cost (total cost less fees generated by activities and intergovernmental aid). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

- The cost of all governmental activities this year was \$45.53 million.
- However, the amount that taxpayers paid for these activities through City taxes was \$32.35 million. Some of the cost was paid by:
 - o Those who benefited directly from the programs (\$2.59 million).
 - Other governments and organizations that subsidized certain programs with grants and contributions (\$10.59 million).
 - o Other miscellaneous sources such as investments (\$.69 million).

Table A-3

Total	\$48.44	\$45.53	(6.01%)	\$33.77	\$32.35	(4.20%)

Business-type Activities

Total revenues available during the year to finance enterprise (business type) activities were \$22.62 million. Funding was made available as follows: program revenues \$21.49 million and grants \$1.12 million.

In fiscal year 2010, the City received funding from the American Recovery and Reinvestment Act of 2009 for utility infrastructure improvements; thus, causing a decrease in capital grants.

The cost of all enterprise (business-type) activities for the year accumulated to \$20.09 million consisting of the following activities: solid waste \$4.38 million, water/sewer \$11.89 million, inspections \$.96 million, city auditorium \$.24 million, motor fuel \$.53 million, zoning \$.44 million, DOL building \$.42 million, and storm water \$1.23 million. In addition the Enterprise funds transferred \$1.60 million to the General Fund for administrative services, \$0.15 million to the motor pool, and \$0.36 million to Group Insurance Fund; however, \$1.55 representing contributed capital was "netted" from this amount resulting in a total of \$0.56 million.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

General Fund Budgetary Highlights

Comparing the FY 2011 original General Fund budget, in the amount of \$30.93 million, to the final budget amount of \$31.85 million represents an increase of \$0.9 million.

The increase in the General Fund Budget is the result of grants received in the fiscal year. The City only budgets those grants that are assured at the time of budget preparation.

In an effort to mitigate the decline in tax collection this fiscal year each department funded in the General Fund was asked to reduce their operations budget 5 to 7 percent. Even with this directive, the General Fund decrease in fund balance was \$3.59 million.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of the year-end, the City had \$266.93 million invested in a variety of capital assets, as reflected in the following schedule (Table A-4), which represents a net increase (additions less retirements and depreciation) of \$22.75 million or 9.3 percent from last year.

Table A-4
City of Valdosta's Capital Assets

(in millions of dollars)

							Total

Intangibles	-	_	1.00	1.16	1.00	1.16	16.00%
Accumulated depreciation	(96.56)	(104.47)	(44.09)	(46.88)	(140.65)	(151.35)	7.61%
	\$141.80	\$137.11	\$102.38	\$129.82	\$244.18	\$266.93	9.32%

This year's major capital asset additions and deletions included:

- The decrease in construction in progress can be attributed to the completion of a regional crime lab, and various water and sewer expansions.
- The increase in buildings is due to the completion of a regional crime lab as well as final completion of a water plant expansion.
- The increase in equipment is contributed to the final completion of a water plant expansion.

More detailed information about the City's capital assets is presented in Note 5 to the financial statements.

Long-term Debt

At year-end, the City had \$37.83 million in notes payable outstanding. Government wide debt increased by 343.49 percent as compared to last year. The increase in debt is the result of debt with the Georgia Environmental Authority for utility infrastructure projects.

More detailed information about the City's long-term liabilities is presented in Notes 8 and 9 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Local governments (cities, counties and school boards) primarily rely on property and sales tax and a limited array of other permitted taxes and fees (franchise, occupational license, etc.) for their governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring one-time grants from both the state and federal governments. Fortunately, the City of Valdosta was named a metropolitan statistical area in June 2003. This designation enables the City to become an entitlement community; therefore, grants will automatically become available to the City, and Valdosta will not be required to compete with other communities for grant funds.

For the business-type and certain governmental activities (recreational programs) the user pays a fee or charge associated with the service.

The City of Valdosta experienced the negative results of the economic downturn in Fiscal Year 2011. All major revenue sources that support governmental activities were collected at significantly lower numbers than anticipated. Although departments in the General Fund reduced their approved appropriations by five to seven percent, the General Fund still experienced a reduction of fund balance in excess of \$3.5 million. Despite the economic conditions for fiscal year 2011, conservative budgeting practices, and adherence to sound financial policies and philosophies enable the City to remain financially stable.

The following areas are three primary indicators that the City reviews when making future financial decisions.

- Growth in the tax base of the City (excluding inflationary growth). There was a slight increase in the tax base this year. The minimal change is the result of no business expansion, home devaluation, and lack of new business.
- Business Gross Receipts Taxes (based on a business' gross receipts). There was a decrease in Business Occupation revenue due to the economic conditions.
- General Fund's Ending Fund Balance reflects the City's ability to meet ever
 increasing demands for general service while remaining financially sound and
 fiscally responsible by providing a buffer for short-term fluctuations in the
 economy. As previously stated in this document, the General Fund did
 experience a reduction in fund balance this year. However, despite this reduction,
 the total fund balance remains healthy.

FINANCIAL CONTACT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City of Valdosta Finance Department, P.O. Box 1125, Valdosta, Georgia 31603 or visit our website at www.valdostacity.com.

Sovernmental Funds

General Fund - the principal fund of the city which accounts for all financial transactions not accounted for in other funds. Principal sources of revenue are property taxes, sales taxes, licenses and permits. Primary expenditures are for police and fire protection, engineering, community development, cemetery, and general administration.

Sales Tax 2002 Fund - to account for the financing and construction of capital improvements for various public projects including storm drainage improvements, police improvements, parks and recreation improvements, fire department improvements, municipal court facilities, water and sewer improvements, public works improvements and facility improvements. These improvements are financed through a 1% local option sales tax that was collected for 60 months starting January 2003.

Sales Tax 2007 Fund – to account for the financing and construction of capital improvements for various public projects including storm drainage improvements, police improvements, parks and recreation improvements, fire department improvements, water and sewer improvements, public works improvements, and facility improvements. These improvements are financed through a 1% local option sales tax that will be collected for 72 months starting January 2008.

Notes to Financial Statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting principles of the City of Valdosta, Georgia conform to generally accepted accounting principles ("GAAP") as prescribed by the Governmental Accounting Standards Board ("GASB"), in conjunction with the Financial Accounting Standards Board ("FASB") pronouncements issued on or before November 30, 1989. The City has not implemented private sector guidance issued after this date.

The accompanying summary of the City of Valdosta's more significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies, as presented, should be viewed as an integral part of the accompanying financial statements.

A. THE REPORTING ENTITY

The primary government of the City of Valdosta has two component units – the Central Valdosta Development Authority (the "Authority") and the Valdosta Downtown Development Authority. Using the criteria of Governmental Accounting Standards Board (GASB) Statements No. 14 and 39, management determined that both authorities should be discretely presented.

Primary Government

The City of Valdosta was originally incorporated by an Act of the General Assembly of Georgia on December 7, 1860. The basic charter of the City was provided in Georgia laws 1901, Act No. 213, as amended. (Georgia Laws 1901, p. 670) The City is governed by an elected mayor and seven-member council with daily operations managed by an appointed city manager. The following services as authorized by its charter and code are provided by the City: General Administrative Services, Public Safety (Police, Fire and Inspections), Public Works (Streets, Sanitation, Water and Sewer), and Culture/Recreation.

Discretely Presented Component Units:

Central Valdosta Development Authority — The Authority was established by an Act of the General Assembly of Georgia to redevelop and improve the central Valdosta area. The Authority has the power to create special tax districts, to levy and collect taxes, and issue notes or other evidence of indebtedness. The Authority consists of seven members, one of whom is the Mayor of the City of Valdosta. The other six members are appointed by the City Council. The Development Authority provision of services is not limited entirely, or almost entirely, to the primary government nor does it only benefit the primary government. Therefore, the City concluded in accordance with GASB 14 and 39

that the Development Authority should be included in the financial reporting entity by discrete presentation.

Downtown Development Authority – The Downtown Development Authority was established by a local ordinance to redevelop and improve the downtown Valdosta area. The Authority has the power to levy and collect taxes and issue notes or other evidence of indebtedness. The Authority consists of seven members, one of whom is the Mayor of the City of Valdosta. The other six members are appointed by the City Council. The Downtown Development Authority provision of services is not limited entirely, or almost entirely, to the primary government nor does it only benefit the primary government. Therefore, the City concluded in accordance with GASB 14 and 39 that the Downtown Development Authority should be included in the financial reporting entity by discrete presentation.

Separate financial statements are not available from either authority.

Related Organizations:

The City of Valdosta officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointments. The Mayor and Council appoint the board members of the Valdosta Housing Authority, Valdosta-Lowndes County Zoning Board of Appeals, Valdosta-Lowndes County Industrial Authority, Hospital Authority of Valdosta and Lowndes County, Greater Lowndes County Planning Commission, Valdosta Historic Preservation Commission, Valdosta Tree Commission, Valdosta Lowndes County Airport Authority, Valdosta-Lowndes County Conference and Tourism Authority, Keep Lowndes Valdosta Beautiful Commission, Valdosta-Lowndes County Land Bank Authority, Valdosta/Lowndes County Construction Adjustments and Appeals Board, Valdosta Housing Board of Adjustments and Appeals, Lowndes County Board of Health, Community Development Block Grant Advisory Committee, the Valdosta-Lowndes County Parks & Recreation Authority, the Metropolitan Planning Organization Citizen's Advisory Committee, the Animal Control Board, Downtown Development Authority, Central Valdosta Development Authority, Five Points & Municipal Auditorium Steering Committee, and the Public Art Advisory Committee.

B. MEASUREMENT FOCUS AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements (i.e. the statement of net assets and the statement of changes in net assets) report information on all nonfiduciary activities of the

primary government and its component units. The City's fiduciary funds are not included in the government wide financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the Central Valdosta Development Authority and the Downtown Development Authority for which the primary government is accountable.

The statement of activities demonstrates the degree to which direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Certain indirect costs have been included as part of the program expenses for various functional activities.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The City's government wide financial statements include a Statement of Net Assets and a Statement of Activities and Changes in Net Assets. These statements present summaries of Governmental and Business-Type activities for the City. Fiduciary activities of the City are not included in these statements.

These statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The fiduciary funds don't have a measurement focus. Accordingly, all the City's assets and liabilities, including capital assets, as well as infrastructure assets, and long-term liabilities, are included in the accompanying Statement of Net Assets. The Statement of Activities presents changes in net assets. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The types of transactions reported as program revenues for the City are reported in three categories: 1) charges for services to customers who directly benefit from goods, services, or privileges provided by a given

function, 2) operating grants and contributions that are restricted to meeting the operational needs for a particular function and 3) capital grants and contributions that are restricted to meeting the capital needs of a particular function.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. All internal balances in the Statement of Net Assets have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated, however, those transactions between governmental and business-type activities have not been eliminated. Governmental activities which normally are supported by taxes and intergovernmental revenues are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Fund Financial Statements

The accounts of the City are organized on the basis of the funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses as appropriate. Government resources are allocated to and accounted for in the individual funds based upon the purpose for which they are spent and the means by which spending activities are controlled.

THE CITY REPORTS THE FOLLOWING MAJOR FUNDS:

GOVERNMENTAL

General Fund – the principal fund of the City used to account for all activities not otherwise accounted for by a specific fund.

Sales Tax 2002 Fund – to account for the financing and construction of capital improvements for various public projects. These improvements will be financed through a 1% local option sales tax that was collected for 60 months starting January 2003.

Sales Tax 2007 Fund – to account for the financing and construction of capital improvements for various public projects. These improvements will be financed through a 1% local option sales tax collected for 72 months starting January 2008.

ENTERPRISE

Sanitation Fund – to finance and account for the costs of providing both residential and commercial trash and garbage pick up to residents and businesses of the City.

Water and Sewer Revenue Fund – to finance and account for the cost of providing water and sewer services to the residents and business of the City.

DOL Building Fund – to finance and account for the cost of maintaining the building leased to the Georgia Department of Labor. The fund also accounts for lease payments received from the state.

Stormwater – to finance and account for the cost of providing stormwater collection services to the residents and businesses of the city. All activities necessary to provide such services are included in the fund.

ADDITIONALLY THE CITY REPORTS THE FOLLOWING FUND TYPES:

GOVERNMENTAL FUNDS

Governmental fund types include the General Fund, Special Revenue Funds, and Capital Projects Funds. Governmental Fund Financial Statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances for all governmental major funds and non major funds aggregated. The governmental funds employ the current financial resources measurement focus. Those funds are maintained on the modified accrual basis of accounting. (Explained further under Basis of Accounting)

SPECIAL REVENUE FUNDS

These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The City maintains a separate Special Revenue Fund for each Federal Grant Program.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds account for capital improvements (except for those financed by Proprietary Funds) which are financed from certain Federal Grants, and other City Funds.

PERMANENT FUND

The permanent fund accounts for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs, that is, for the benefit of the City or its Citizenry.

PROPRIETARY FUNDS

Proprietary Funds include Enterprise funds and Internal Service Funds. The Proprietary Fund measurement focus is upon determination of net income, financial position, and changes in financial position. The generally accepted accounting principles in these funds are those applicable to similar businesses in the private sector and thus these funds are maintained on the accrual basis of accounting. (Explained further under Basis of Accounting)

ENTERPRISE FUNDS

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the City is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The acquisition, maintenance and improvement of the physical plant facilities required to provide these goods and services are financed from existing cash resources, the issuance of revenue bonds, Federal Grants, and other City funds.

INTERNAL SERVICE FUNDS

The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City. These goods or services are provided on a cost reimbursement basis.

THE CITY MAINTAINS THE FOLLOWING INTERNAL SERVICE FUNDS:

MOTOR POOL FUND

The Motor Pool Fund accounts for the cost of operating a maintenance facility for automotive equipment. The fund purchases the automotive equipment and leases the equipment to user departments on a predetermined per mile basis or monthly rate based on accumulated historical costs.

GROUP INSURANCE FUND

The Group Insurance Fund accounts for transactions related to the provision of health care benefits for permanent employees of the City.

WORKMAN'S COMPENSATION FUND

The Workman's Compensation Fund accounts for the transactions related to the workman's compensation claims paid by the City.

FIDUCIARY FUND

Fiduciary Funds include the Agency Funds. The Tree Commission Agency Fund accounts for monies collected for the Tree Commission. The Evidence Agency Fund accounts for monies taken in by the Valdosta Police Department but not condemned. The assets and liabilities are accounted for on the accrual basis.

BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements.

Modified Accrual Basis of Accounting

The modified accrual basis of accounting is followed in the Governmental Fund types. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities.

Property taxes levied and due for the current year are considered available and are therefore recognized as revenues in accordance with NCGA Interpretation 3 of NCGA Statement 1.

Licenses, fines and forfeitures, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Taxes, charges for services, investment earnings, and special assessments are considered available if payment is received within 31 days after the close of the current fiscal year and therefore recognized as revenues.

Intergovernmental revenues received as reimbursements for specific purposes or projects are recognized when the expenditure is recorded. Intergovernmental revenues received but not earned are recorded as deferred revenues.

Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except for unmatured interest on general long-term debt, which is recognized when due and vacation and sick pay which is recorded when paid.

Accrual Basis of Accounting

The accrual basis of accounting is followed in all Proprietary Funds and the Agency Funds. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when incurred. The revenues for sanitation and water and sewer, which are based upon service rates authorized by the City Council, are determined by monthly cyclical billings to customers. Earned but unbilled revenues are accrued and reported in the financial statements.

The City defines operating revenues and expenses in the proprietary funds using the criteria established for identifying cash flows from operations. Revenues from the sale of goods or services (including goods or services sold to internal customers) as well as from the sale of permits are considered operating revenues. Expenses incurred to purchase labor, operating supplies and services, as well as depreciation, are classified as operating expenses. All other revenues and expenses not meeting this definition are nonoperating.

Investment earnings are accrued in Proprietary Funds. The City has adopted the requirements of GASB Statement 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting, and elected to follow only GASB standards. Therefore, the City has not adopted Financial Accounting Standards Board pronouncements issued after November 30, 1989.

D. BUDGETS AND BUDGETARY ACCOUNTING

The City code requires that an annual operating budget be prepared that includes a proposed work program, a basic budget at the current level, and program change requests for all Governmental and Proprietary types. The budget is prepared and submitted by the City Manager to the Mayor and Council for their consideration and adoption by ordinance prior to the commencement of the ensuing fiscal year. The Finance Director is authorized to transfer budget amounts within any fund. Budgetary control is exercised by department, function or activity, and major object of expenditures group for capital and grant projects within each fund. Each of these areas cannot legally exceed their appropriations. All unencumbered appropriations lapse at year end. The budget is prepared showing each fund, department and level of expenditure for the prior year, current year estimates, and requested, recommended, and approved appropriations for the next fiscal year. Budgets for the City may be increased or decreased as the City Council deems appropriate.

The budget data presented in the financial statements and schedules were prepared on a Non-GAAP Budgetary basis for the Governmental Fund types. The difference between the GAAP basis and the budgetary basis is the inclusion of encumbrances as expenditures. In the Proprietary Funds, the budgets were prepared on the GAAP basis. The same accrual basis that is used to reflect actual results is used to prepare the budgets for these funds.

The following funds' expenditures/expenses exceeded legal appropriations.

	Expenditures/		
	Expenses on		Amount
	Budgetary Basis	Appropriations	Exceeding
Fund/Department			
General Fund/Engineering	2,915,446	2,634,448	280,998
General Fund/Fire	6,222,868	6,171,490	51,378
Protective Services	613,475	609,130	4,345
Public Involvement	536,246	469,810	66,436

Per the official Code of Georgia Annotated 36-81-3, the City has set its level of budgetary control at the departmental level.

E. CASH

For the purpose of the statement of cash flows, the City considers only cash (including restricted assets) in determining the increase (decrease) in cash. Cash equivalents are defined as short term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition.

F. INVESTMENTS

It is the City's policy that investments having a remaining maturity at time of purchase of one year or less are recorded at cost or amortized cost in accordance with GASB Statement 31. Adjustments are made to cost for any premium or discount, which is amortized over the maturity of the investment. Amortized cost approximates fair value. The City has no such investments at June 30, 2011.

G. RECEIVABLES

Revenues are recorded when received except for the following items for which receivables have been recorded:

1. Taxes Receivable which includes:

- a. Taxes Receivable-Delinquent represents the past years of uncollected tax levies. An allowance for uncollectible taxes is provided based upon an analysis of historical trends. The tax receivables have been reported net of these allowances.
- b. Sales Taxes, Franchise Taxes, and Public Utilities Receivable recorded as revenue when they become both measurable and available for collection within the current period paying cycle, which is 31 days past year end. The balance of what has been earned though not available is recorded as deferred revenue.

2. Accounts Receivable which includes:

a. Accounts Receivable – Sanitation and Water and Sewer service charges are recognized when earned, with an allowance for uncollectible accounts of 1% of the accounts receivable balance at June 30. Services performed by various departments are recognized as revenue when they are measured and assured collection within the current paying cycle of the City. That

which is earned, but not collected within 31 days of year end, is recognized as a deferred revenue. In the Proprietary Funds, they are recognized as revenue when earned.

- b. Returned Checks the balance of checks written by the public that the banks have returned to the City over the past 12 months.
- c. Accounts Receivable-Employees the balance that City employees owe the City for travel advances, garnishments, etc.
- d. Unbilled Services Receivable within the City's Enterprise Funds, an estimated amount has been recorded for services rendered but not yet billed as of June 30, 2011. The receivable was arrived at by taking the cycle billings the City sent the customers in July and prorating the amount of days applicable to the current year factor at 99% to allow for uncollectible accounts.
- 3. Second Mortgages Receivable the amount owed to the City from loans made to homeowners on UDAG and CDBG CHIP grants.
- 4. Special Assessments Receivable both principle and interest on paving assessments are payable in semi-annual installments over a five year period. The principle is recognized when due. The balance due at June 30 that has not been collected within 31 days past year end is recorded as a deferred revenue. There is no allowance for uncollectibles as delinquent accounts are declared as a special assessment lien against the property per Section 7.2, paragraph I, of the City's Code. The entire outstanding balance is delinquent at June 30, 2011.
- 5. Interest Receivable interest on investments is recorded as revenue on the Governmental Fund types when it is both measurable and collected within the City's current paying cycle. The amount which is earned but not collected is recognized as a deferred revenue. The interest on investments is recorded as revenue in the year earned for the Proprietary Fund types.

H. DUE FROM OTHER GOVERNMENTS & AGENCIES

Due from other governments includes amounts from grantors for grants for specific programs and capital projects. Program grants and capital grants for governmental capital assets are recorded as receivables and revenues at the time reimbursable project costs are incurred. Revenue received in advance of project costs being incurred is deferred. Capital grants for capital asset additions to the Proprietary Funds are recorded

as receivables and corresponding increases to contributions when reimbursable project costs are incurred.

I. DUE FROM AND DUE TO OTHER FUNDS

During the course of its operations, the City has numerous transactions between funds to finance operations, provide services, construct assets, and service debts. To the extent that certain transactions between funds had not been paid or received as of June 30, 2011, balances of interfund amounts receivable or payable have been recorded. To the extent that these balances are between Governmental Funds, they have been eliminated on the statement of net assets.

J. ADVANCE TO OTHER GOVERNMENTS & AGENCIES

The long-term advance from the General Fund to the South Georgia Area Planning Commission Data Processing Network is to finance new activities during their initial operation. The portion of General Fund's fund balance attributable to this advance is classified as nonspendable. These are long-term advances made to other governmental agencies.

K. ADVANCE TO OTHER FUNDS

The long term advance from the General Fund to the HUD Fund represents operating capital for the City's entitlement program. This balance is distinct from routine interfund balances and will not be liquidated until the entitlement program is terminated. The long term advance from general fund to other funds represents balances that are not expected to be repaid within one year.

L. INVENTORIES

Inventories in Proprietary Funds are adjusted to annual and periodic physical counts and are valued at cost using the first-in, first-out method (FIFO) of valuation. Inventory in the Sales Tax 2007 Fund, which is valued at cost first-in, first-out method (FIFO), consists of wetland credits held for construction.

M. PREPAID EXPENDITURES/EXPENSES

Payments made to various vendors for items or services for a future period beyond June 30, 2011 are recorded as prepaid expenditure/expenses. The fund balances in the Governmental Fund types attributable to prepaid expenditures are classified as nonspendable. This reflects the amount of fund balance not currently available for expenditure.

N. RESTRICTED ASSETS

Monies or other resources, the use of which is restricted by legal or contractual requirements, are recorded as restricted assets. It is the policy of the City to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The restricted assets listed in the Proprietary Funds are for the utility billing customer deposits held on account.

O. INTANGIBLE ASSETS

Intangible assets are reported in the applicable governmental or business type activity columns in the government-wide financial statements. The City's policy has set the capitalization threshold at \$5,000 for intangible assets. All intangibles are valued at cost or estimated fair market value if donated. Intangible assets are amortized over their estimated useful lives.

P. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City's policy has set the capitalization threshold for reporting capital assets at \$5,000 and \$250,000 for infrastructure assets. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their estimated fair market value on the date received. The City patched and resurfaced several roads during the current year that are considered general maintenance. The City reports only infrastructure acquired or constructed after June 30, 1980 in accordance with GASB Statement 34.

Expenditures for maintenance and repairs which do not add to the value of the assets or materially extend their lives are expensed as incurred. However, expenditures for repairs and upgrading which do materially add to the value or life of an asset are capitalized.

Depreciation is provided on the straight-line basis over the estimated useful lives.

The estimated useful lives are as follows:

Assets	Life
	(Years)
Water System	30-50
Sewer System	30-50
Buildings	15-50
Machinery and Equipment	05-10
Vehicles	01-05
Infrastructure	10-20

Q. COMPENSATED ABSENCES

It is the City's policy to permit employees to accumulate a limited amount of earned but unused vacation benefits, which will be paid to employees upon separation from City service. In Governmental Fund types, the cost of vacation benefits is recognized when payments are made to employees. A long-term liability of accrued vacation benefits at June 30, 2011 has been recorded in the government wide statements representing the City's commitment to fund such costs from future operations.

R. LONG-TERM OBLIGATIONS

Long-term liabilities for revenue obligations are recorded in the Enterprise Funds. Principal and accrued interests are recorded as liabilities. Principal and interest payments are deducted from the liability as made.

S. PENSION FUND

Annual costs of the pension plan are actuarially computed and include amortization of past service costs over a period of 30 years. The City's policy is to fund the annual pension costs in the annual budget.

T. DEFERRED REVENUE

Deferred revenues are those where asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Such amounts have been deemed to be measurable but not available. Amounts deferred by reason of

the timing of receipt are subject to full accrual on the government wide statements but not on the fund statements. Unearned amounts remain deferred on the government wide statements.

U. FUND BALANCE

The City of Valdosta implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, as of July 1, 2010. This new standard changed the overall definitions and classifications of governmental fund balances.

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net assets."

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Nonspendable Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- Committed Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Commission through the adoption of a resolution. Only the City Commission may modify or rescind the commitment.
- Assigned Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Commission has authorized the City's Chief Financial Officer, Finance Director, or Director of Administrative Services to assign fund balances.
- Unassigned Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion.

The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions — When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

Net Assets – Net assets represent the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net assets are reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net assets are reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

NOTE 2. DEPOSITS AND INVESTMENTS WITH FINANCIAL INSTITUTIONS, INVESTMENTS (INCLUDING REPURCHASE AGREEMENTS), AND REVERSE REPURCHASE AGREEMETS

A. DEPOSITS

At year end, the carrying amount of the City's deposits was \$5,739,000 and the bank balance was \$6,578,417. The City also had \$4,900 in petty cash.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's deposit policy is to require all its deposits in excess of FDIC insurance to be collateralized with securities held by the City or by its agent in the City's name. Of the bank balance, \$264,005 was covered by federal depository insurance and \$6,314,412 was collateral held by the government or agent in the government's name.

As of June 30, 2011, the City had the following investments. The investment in Georgia Fund I is part of an internal investment pool.

Investment	Maturities	Fair Value
Georgia Fund 1	59 days	\$6,165,018
Certificate of Deposit	226 days	7,236
Total Investments		\$6,172,254

Interest Rate Risk

The City has an investment policy that limits the maturities on individual investments to no more than five years and weighted average maturity to no more than three years. Reserve funds may be invested in longer term securities if the maturities coincide with the expected use of the funds. The investments at June 30, 2011 meet our investment policy restrictions.

Credit Risk

The City has an investment policy that limits investments to "the safest types of securities." These are defined as obligations of the State of Georgia or other states, obligations of the US government or certain agencies thereof, repurchase agreements backed by federal securities, prime banker's acceptance with a rating of A+ or better, the local government investment pool, obligations of other political subdivisions of the State of Georgia, and time deposits and savings deposits. Excess funds are invested in Georgia Fund I.

Concentration Credit Risk

The City's investment policy limits its investments as follows:

U. S. Treasury Obligations	100.00%
U. S. Government Agency Securities and Securities issued by	75.00%
Instrumentalities of Government Sponsored Corporations	25.000/
Repurchase Agreements	25.00%
Prime Bankers Acceptance	10.00%
Local Government Investment Pool	40.00%
Certificates of Deposit	25.00%
Obligations of other political subdivisions of the State of Georgia	25.00%

GASB Statement 40 requires disclosure when 5% or more of investments are in one issue. The City has no such concentrations.

The carrying amount of deposits for CVDA, a discretely presented component unit, was \$205,546 and the bank balance was \$206,960.

The CVDA does not have a deposit policy. Of the bank balance, \$206,960 was covered by Federal Depository Insurance.

The carrying amount of deposits for DDA was \$3,446.

The DDA does not have a deposit policy. Of the bank balance, \$3,446 was covered by Federal Depository Insurance.

B. INVESTMENTS

The City is authorized to invest its funds in (1) obligations which constitute direct obligations of, or are unconditionally guaranteed by, the United States of America; (2) obligations of the Federal Land Bank, the Federal Home Loan Bank, Federal Intermediate Credit Bank, and Federal Bank for Cooperatives; (3) bonds or other obligations issued by any public housing agency or municipality which are served by a pledge of annual contributors under contract with the United States Government, or project notes secured by a payment agreement with the United States Government; and (4) certificates of deposit issued by state and national banks located within the state of Georgia, provided that certain collateral for such certificates is deposited.

	Carrying
Form of Deposit	Amount
Investment in Georgia Fund 1	\$6,165,018
Certificate of Deposit	7,236
Total	\$6,172,254

Georgia Fund I, created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standard and Poor's criteria for AAAm rated money market funds. Georgia Fund I receives regulatory oversight from the State Treasurer of the State of Georgia. However, Georgia Fund I operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company and is not rated. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share.

The Authorities do not have investment policies.

The following is a summary of the differences between carrying amount of cash and investments as shown above and on the financial statement of the primary government:

	Cash on	
	Deposit	Investments
Balance per Note Above	\$5,739,000	\$6,172,254
Petty Cash	2,900	0
Change Cash	2,000	0
	\$5,743,900	\$6,172,254
Non Restricted	\$4,810,440	\$6,172,254
Restricted	933,460	0
Balance per Financial Statement	\$5,743,900	\$6,172,254

The following is a summary of the differences between carrying amount of cash and investments as shown above and on the financial statement of the discretely presented component unit:

CVDA	Cash onDeposit	Investments
Balance per Footnote Above	\$205,546	\$0
Balance per Financial Statement	\$205,546	\$0
DDA	Cash on Deposit	Investments
Balance per Footnote Above	\$3,446	\$0
Balance per Financial Statement	\$3,446	\$0

NOTE 3. TAXES

Advalorem property tax revenue is recognized in compliance with the National Council on Governmental Accounting (NCGA) Interpretation 3, "Revenue Recognition-Property Taxes". This interpretation states that property tax revenue is recorded when it becomes available. Available means when due or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Such time thereafter shall not exceed 60 days. The City's 2010 property taxes, levied September 15, 2010 on a 40% assessed valuation as of the lien date January 1, 2010, were due November 15, 2010. The levy for 2010 is as follows:

Type of Levy	Rate per \$1,000 of Assessed Value	Legal Maximum
General Operations	9.852	
Less Sales Tax Rebate	5.740	
Net for General Operations	4.112	10.00
Schools	16.98	20.0
Central Valdosta Development Authority	10.0	15.0

Property taxes levied for the current year are available and are therefore recognized as revenue. The City's property tax collection records show that most of the property taxes due are collected during the fiscal year of the levy. Property tax received is reduced by an allowance for uncollectible accounts which is computed on the outstanding receivable at June 30, 2011 per the following table:

95% of the 1996 Levy 95% of the 1998 Levy 95% of the 1999 Levy 95% of the 2001 Levy 95% of the 2002 Levy 95% of the 2003 Levy 95% of the 2004 Levy 80% of the 2005 Levy 70% of the 2006 Levy 60% of the 2007 Levy 50% of the 2008 Levy 25% of the 2010 Levy

Taxes receivable at June 30, 2011 consist of the following:

Property Taxes	General Fund
1996	\$85
1998	13
1999	29
2001	79
2002	387
2003	1,012
2004	5,926
2005	954
2006	3,374
2007	5,434
2008	12,522
2009	112,896
2010	264,526
	407,237
Sales Taxes	743,381
Franchise Taxes	177,964
Total Taxes Receivable	1,328,582
Less Allowance for Uncollectible	(48,095)
	\$1,280,487

The property taxes for the City are collected by the Lowndes County Tax Commissioner's Office and remitted to the City monthly. The Commission disburses the tax money received to each unit of government. Therefore, there is no receivable set up for the school levy since it is disbursed to the School Board.

NOTE. 4 INTERFUND RECEIVABLES/PAYABLES

Individual fund interfund receivables and payables including advances at June 30, 2011 are as follows:

Payables	General Fund	Internal Service Funds	Non Major Enterprise Funds	Total
General Fund	\$0	\$117,108	\$0	\$117,108
SPLOST 7	11,542	0	0	11,542
Sanitation	116,458	0	0	116,458
Non Major Governmental Funds	377,943	0	0	377,943
Non Major Enterprise Funds	2,211,162	0	60,000	2,271,162
Internal Service	2,249,840	0	0	2,249,840
Total	\$4,966,945	\$117,108	\$60,000	\$5,144,053

All interfund balances are due to routine interfund transactions that were not paid or received at June 30, 2011 as discussed in Note 1. Advances are long term in nature.

NOTE 5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2011 was as follows:

Primary Government

	Beginning		-	Destan	Turnefor	Ending
	Balance	Additions	Retirements	Reclass	Transfer	Balance
Governmental Activities:

assets, net	\$102,380,949	\$25,898,088	\$5,838	\$0	\$1,551,940	\$129,825,139

Depreciation expense was charged to governmental functions as follows:

Governmental Depreciation:	
General Government	\$7,739,097
Finance	345
Engineering	44,061
Public Safety	565,466
Public Works	124,288
Economic Development	2,804
Total governmental depreciation	8,476,061
Business-type Depreciation:	
Sanitation	37,640
Water & Sewer	2,639,169
Inspections	1,781
Zoning	1,674
Department of Labor	87,280
Stormwater	33,341_
Total business-type depreciation	2,800,885
Total depreciation expense	\$11,276,946

Internal Service Funds predominantly serve governmental funds. Accordingly, \$18,128,438 in capital assets, \$14,531,319 in accumulated depreciation, and \$1,670,401 in current depreciation in these funds are included in the above totals for governmental activities.

NOTE 6. PENSION PLAN

A. PLAN DESCRIPTION

The City's defined benefit pension plan, City of Valdosta Retirement Plan, provides retirement, disability, and death benefits to plan members and beneficiaries. The City of Valdosta Retirement Plan is a participating member of the Georgia Municipal Employees Benefit System, an agent multiple-employer pension plan administered by the board of trustees of the System. Georgia Law 1965, page 421, assigns the authority to establish and amend benefit provisions of the plans that participate in the Georgia Municipal Employees Benefit System to the respective employer entities; for the City of Valdosta Retirement Plan, that authority rests with the City. The Georgia Municipal Employees Benefit System issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to:

Cal Wray, Director of Risk Management & Employee Benefit Service c/o GMA 201 Pryor Street S.W. Atlanta, GA 30303

or by calling (404) 688-0472.

Funding Policy

There are three classes of full-time career employees. Class I is all employees hired after February 1, 1982 and prior to August 11, 2005 who are under the age of 35 and any employees hired before February 1, 1982 and prior to August 11, 2005 who chose to contribute or were already eligible to retire. Class II is all employees hired after February 1, 1982 and prior to August 11, 2005 who are age 35 or older and any employees hired before February 1, 1982 who decline to contribute. Class III is all employees hired on and after August 11, 2005. Class I and Class III city employees are required to contribute to the Plan. The contribution amount is equal to 2% of the compensation amount.

The plan was amended August 11, 2005 to update the benefit formula, change the normal retirement eligibility for Class I and new Class III participants, improve early retirement reductions for Class II participants, increase employee contributions for Class I and Class III participants, and permit prior governmental service purchases.

YEAR OF	COVERED	YEAR OF	COVERED
BIRTH	COMPENSATION	BIRTH	COMPENSATION
1903	\$412	1923	\$560
1904	430	1924	563
1905	446	1925	566
1906	460	1926	568
1907	471	1927	570
1908	482	1928	572
1909	491	1929	575
1910	500	1930	582
1911	507	1931	590
1912	514	1932	598
1913	520	1933	605
1914	526	1934	611
1915	531	1935	618
1916	536	1936	625
1917	540	1937	631
1918	544	1938	638
1919	548	1939	644
1920	551	1940	647
1921	555	1941 (later	650
1922	558	than or equal to)	

The City is required to contribute the remaining amount necessary to fund the Plan, using the actuarial basis specified by statute. The current rate is 24.36% of annual covered payroll. The funding policy for the plan is to contribute an amount equal to the recommended contribution as follows:

Actuarial Valuation Date	January 1, 2011
Total normal cost	\$1,418,024
Administrative expenses	83,126
Expected employee contributions	(307,695)
Employer normal cost	1,193,455
Payment on unfunded/(surplus) actuarial accrued liability	
•	3,588,826
Total recommended contribution	4,782,281
Adjustment for timing of contribution	181,855
Total recommended contribution, adjusted for timing	4,964,136
Total recommended contribution as a percentage of payroll	24.36%

The recommended contribution meets the guidelines for calculating an annual required contribution set forth in Paragraph 9-10 of GASB Statement 27. These contribution requirements of plan members and the City are established and may be amended by the System's board of trustees.

Annual Pension Cost

The City's annual pension cost of \$3,000,000 for the City of Valdosta Retirement Plan was equal to the City's required and actual contributions. The required contribution was determined under the projected unit credit actuarial cost method and asset valuation method for developing the actuarial value of assets. The actuarial assumptions included (a) 8.0% investment rate of return, (b) projected salary increases for inflation of 5.0% and merit or seniority of 0.5% per year and (c) future Social Security Wage Bases of 5.5%. The actuarial value of assets was determined by rolling forward the prior year's actuarial value with contributions, disbursements, and expected return on investments, plus 10% of investment gains and losses during the prior 10 years. The period, and related method, for amortizing the initial unfunded actuarial accrued liability is 30 years from 1981 and current changes in the unfunded actuarial accrued liability over 15 years for actuarial gains and losses, 20 years for plan provisions, and 30 years for actuarial assumptions and cost methods as a level dollar amount. These amortization periods, if applicable, are closed for this plan year.

The City adopted a rule of 75 effectively July 1, 2004. This means that an employee can retire with a combined age and years of service of 75 or greater. Only Class I and Class III employees qualify for this rule. This will affect the comparability of trend information in future years.

Trend Information

Fiscal Year	Annual Pension Cost	Percentage of (APC)	Net Pension
Ending	(APC)	Contributed	Obligation
2009	\$2,720,929	100%	0
2010	3,179,323	100%	0
2011	3,000,000	100%	0

As of January 1, 2011, the date of the most recent actuarial valuation, there were 891 participants consisting of the following:

Retirees and beneficiaries currently receiving benefits	283
Vested terminated employees not yet receiving benefits	63
Active employees	545
Total	891

As of the most recent valuation date, January 1, 2011, the funded status of the Plan was as follows:

						UAAL as
		Actuarial	Unfunded /			a
	Actuarial	Accrued	Surplus			Percentage
Actuarial	Value of	Liability	AAL	Funded	Covered	of Covered
Valuation	Assets	(AAL)	(UAAL)	Ratio	Payroll	Payroll
Date	(a)	(b)	(b-a)	(a/b)	(c)	((b-a)/c)
Jan 1, 2011	\$35,474,648	\$60,804,206	\$25,329,558	58.34%	\$20,032,380	126.44%

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan net assets is increasing or decreasing over time relative to the actuarial accrued liability. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2011.

NOTE 7. DEFINED CONTRIBUTION PLAN

City of Valdosta Defined Contribution Plan

The City of Valdosta offers its employees a defined contribution plan created in accordance with Internal Revenue Code Section 457. The plan was established by City ordinance, and the City Council has the authority to amend the plan. The plan is a deferred compensation plan administered by Nationwide Retirement Solutions. The City of Valdosta is responsible for the accounting, reconciliations, and record keeping associated with City employees' enrollment, payment to the plan through payroll deductions, and timely transfer of withheld funds to the trustee designated by the City of Valdosta for investment. The plan provides a number of investment options and is designed so that each participant retains investment control of his/her individual account. The plan, available to all full-time employees, permits them to defer a portion of their salary until future years. The deferred compensation is held in trust for the exclusive benefit of plan participants and their beneficiaries and is not available to employees until termination, retirement, death, or unforeseeable emergency. Since the City of Valdosta has no fiduciary relationship with plan participants, the plan assets are not included in the financial statements.

NOTE 8. OTHER POST-EMPLOYMENT BENEFITS

Plan Description

The City of Valdosta maintains another post-employment benefit plan, the City of Valdosta Other Post-Employment Benefits Plan (the OPEB Plan"), which includes retirees from the City of Valdosta. In accordance with City ordinance, the City's personnel policy provides that all employees who retire under early, normal or disability retirement are eligible for confirmed health care benefits provided they have a total of 25 consecutive years of employment. The monthly cost for retiree is \$165.00 and the cost for retiree plus spouse is \$280.00. Employees who retire receive the same group health insurance benefits as active employees. Effective September 1, 2009, Medicare eligible employs are converted to a third party plan at which time Medicare assigns the subsidy and rights to pay claims to the third party plan provider. At June 30, 2011, 107 retirees participated in the plan, paying a monthly premium of \$77-\$115. However, their dental is the same group coverage as active employees.

Retirees are also eligible to keep up to \$20,000 of life insurance provided they elected additional life insurance as an active employee. In addition, a retiree may elect dependent coverage provided they elected additional dependent coverage as an active employee. A dependent's life insurance coverage cannot exceed 50% of the retiree's life insurance. Also, in order for a dependent to keep life insurance, the retiree must elect coverage.

The City's self-insured health plan, City of Valdosta Group Insurance, provides medical and hospitalization benefits for two classes of retirees. Class I includes all retirees with twenty-five years of continuous service. Class I retirees are eligible for Health Insurance paid by the City. Class II includes retirees who retired before July 1, 2002, with ten years of service and age sixty-two. Class II retirees must pay a monthly premium of \$77 - \$115 to participate in the plan. The plan is administered by the Plan Administrator, with Group Resources, Inc., an Administrative Service Agent, acting as claims paying agent. The Mayor and City Council has the authority to amend the plan. The City contributions are financed on a pay-as-you-go basis. During the current year, the City expended \$846,422 for retirees' health insurance for 110 participants. In addition, 75 participants were covered.

The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation to the OPEB Plan.

Annual required contribution	\$3,881,477
Interest on net OPEB obligation	139,065
Adjustments to annual required contribution	(229,825)
Annual OPEB cost	3,790,717
Contributions made	1,041,252
Increase in net OPEB obligation	2,749,465
Net OPEB obligation, beginning of year	3,476,630
Net OPEB obligation, end of year	\$6,226,095

Fiscal Year	Annual Required	Actual	Percentage
Ended June 30,	Contributions*	Contributions	Contributed
2009	\$3,440,104	\$1,541,652	44%
2010	3,652,659	2,028,042	56%
2011	3,881,477	1,041,252	27%

^{*}ARC based on a pay-as-you-go plan.

OPEB obligations are generally liquidated by the General Fund. The plan is a single employer plan and does not issue separate financial statements.

These calculations are based on the OPEB benefits provided under the terms of the substantive plan in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point.

Actuarial valuations for OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future.

The actuarial calculations of the OPEB plan reflect a longer-term perspective. The Schedule of Funding Progress immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing relative to the actuarial accrued liability.

NOTE 9. LONG TERM DEBT

Long term non bonded debt of the City due to the CVDA is as follows:

Enterprise Funds 4.19% Department of Labor Building.	Balance July 1, 2010	Additions	Reductions	Balance June 30, 2011	Due Within One Year
Original issue amount \$4,410,000.	\$3,245,000	\$0_	\$233,000	\$3,012,000	\$233,000
Total Notes	\$3,245,000	\$0_	\$233,000	\$3,012,000	\$233,000

The requirements to amortize the note to the CVDA are as follows:

Fiscal		
Year		
Ending		
June 30	Principal	Interest
2012	\$233,000	\$116,440
2013	233,000	106,677
2014	233,000	96,915
2015	233,000	87,152
2016	233,000	77,389
2017-2021	1,165,000	264,913
2022-2024	682,000	42,151
Totals	\$3,012,000	\$791,637

Long term bonded debt of the City is \$0.

Outstanding Water and Sewer Revenue Bonds at June 30, 2011, totaled \$0.

The City is subject to a statutory limitation by the State of Georgia for bonded indebtedness, payable principally from property taxes to an amount not greater than 10% of the assessed value of all taxable property within the municipality. At June 30, 2011, the limit for the City was \$142,201,082.

Long term bonded debt of the CVDA, a discretely presented component unit, is as follows:

CVDA	Balance July 1, 2010	Additions	Reductions	Balance June 30, 2011	Due Within One Year
5.81% Bond Series 2001. Due in semi-annual installments of February 1 and August 1, beginning					
August 1, 2001 and continuing through February 1, 2020.					
Original issue \$800,000.	\$254,015	\$0	\$82,212	\$171,803	\$59,927
4.19% Bond Series 2003 . Due in semi-annual installments on February 1 and August 1, beginning August 1, 2005 and continuing through August 1, 2023.					
Original issue \$4,410,000.	3,245,000	0	233,000	3,012,000	233,000
Total Bonded Debt	\$3,499,015	\$0	\$315,212	\$3,183,803	\$292,927

Outstanding CVDA Bonds at June 30, 2011, totaled \$3,183,803. The Authority entered into an obligation to finance the Department of Labor building for the City of Valdosta in the amount of \$4,410,000. The Authority issued a bond to cover the cost of construction in fiscal year 2004. The debt is payable solely from certain lease payments to be paid to the City of Valdosta, Georgia by the Georgia Department of Labor.

The Authority entered into an obligation to finance improvements in the downtown area as part of Streetscape in the amount of \$800,000. The Authority issued a bond to cover the cost of construction in 2001. The debt is payable solely from an additional property tax rate of 10 mills paid by property owners within the Community Improvement District (CID).

The annual requirement to amortize all CVDA issue bonds outstanding as of June 30, 2011, including interest of \$21,238 on the 2001 Series and the Bond Series 2003 including interest of \$791,637 is as follows:

Year Ended			
June 30	Principal	Interest	Total
2012	\$292,927	\$127,055	\$419,982
2013	296,460	113,759	410,219
2014	284,416	100,257	384,673
2015	233,000	87,352	320,352
2016	233,000	77,389	310,389
2017-2021	1,165,000	264,913	1,429,913
2022-2024	682,000	42,150	724,150
Total	\$3,183,803	\$ 812,875	\$3,996,678

In FY 2010, The Downtown Development Authority for the City of Valdosta issued a \$3,000,000 bond to First State Bank and Trust Company of Valdosta and accepted a \$3,000,000 note from BGV Foundation in exchange for the bond proceeds. The Authority received a 1/8% or (\$3,750) fee for issuing the bond. The Authority has assigned the note from BGV Foundation to the First State Bank and Trust. In addition, the City of Valdosta has entered into an agreement with the Authority to make payments on the bond from the SPLOST proceeds but neither the City nor the Authority is obligated to make payments. All responsibility for the bond reside with BGV Foundation, Inc. This arrangement therefore qualifies as conduit debt. The debt was issued to acquire and improve a youth recreation center to be leased to the Authority for all revenue generated by the Center.

The debt is dated October 29, 2009. It bears interest at a variable rate determined with reference to the bond owner's prime rate. As of June 30, 2011, this rate was 2.18%. The balance at June 30 was \$1,920,000. Interest is payable monthly with principal due March 1.

The annual requirement to amortize all DDA issue bonds outstanding as of June 30, 2011, including interest of \$83,814 is as follows:

Year		
Ended		
June 30,	Principal	Interest
2012	\$540,000	\$40,876
2013	540,000	28,511
2014	840,000	14,427
	\$1,920,000	\$83,814

The liability for compensated absences of the City is as follows:

	Balance July 1, 2010	Additions	Reductions	Balance June 30, 2011	Due Within One Year
Enterprise Funds					
Accrued vacation	\$500,518	\$453,164	\$490,648	\$463,034	\$284,831
Internal Service Funds					
Accrued vacation	36,189	29,930	36,189	29,930	18,000
Governmental Funds					
Accrued vacation	1,547,691	1,411,964	1,484,270	1,475,385	740,000
Other Post Employment Benefits	3,476,630	3,790,717	1,041,252	6,226,095	. 0
Total Compensated Absences	\$5,561,028	\$5,695,645	\$3,052,359	\$8,204,314	\$1,042,831

Compensated absences are generally liquidated by the General Fund.

The City of Valdosta has entered into a contract for eight loans with Georgia Environmental Facilities Authority for an aggregate loan balance of \$35,162,833. Payments for these loans are repaid quarterly or monthly. In addition, the City has entered into one additional contract to finance water and sewer projects. As of June 30, 2011, draws totaled \$3,413,078 on the loan in progress. Additional draws are pending.

Loan Amount	Payment Period
\$1,000,000	May 1, 1990 to February 1, 2009
250,000	September 1, 1994 to June 1, 2014
2,228,600	November 1, 1993 to May 1, 2011
4,288,164	August 1, 2004 to November 1, 2023
6,142,659	July 1, 2011 to June 1, 2031
12,500,000	July 1, 2011 to June 1, 2031
1,200,000	August 1, 2011 to July 1, 2031
7,553,410	April 1, 2011 to March 1, 2031
3,413,078	Pending

The amount in due to other Governments and Agencies in the Sanitation and Water/Sewer Funds, net of current portion, is the balance of these loans payable at June 30, 2011.

The present interest rate is 3%. This debt has been issued to improve and maintain the City's water system. Loan #CWSRF 08-003 PHII is incomplete and therefore no amortization schedule is available. The maximum repayment period will be 20 years at 3%.

Police Department Capital Lease

The City of Valdosta entered into a capital lease agreement on December 15, 2010, with Motorola for in-car computer equipment for the Police Department. The total lease payments are \$622,832, with annual interest imputed at 3.320%, payable in four annual payments of \$155,708.

The annual requirement to amortize the Motorola Capital Lease Agreement outstanding balance as of June 30, 2011, is a follows:

Year Ending June 30	Principal	Interest	Total
2011	\$141,998	\$13,710	\$155,708
2012	141,175	14,533	155,708
2013	145,862	9,846	155,708
2014	150,705	5,003	155,708
Total	\$579,740	\$43,092	\$622,832

The city capitalized equipment with a cost of \$579,740 as a result of this lease. The city recognized depreciation of \$48,312 in FY 2011 on this asset resulting in a book value of \$531,428 at June 30, 2011.

NOTE 10. FUND BALANCE

The City records five categories of fund balance as defined in Note 1 section U. The five types are nonspendable, restricted, committed, assigned and unassigned.

Nonspendable Fund Balance is classified by amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact.

	General	Sales Tax	Sales Tax	Non Major Governmental	
N	Fund_	2002	2007	Funds	Total
Nonspendable. The following fund balances	are

NOTE 11. CLOSURE AND POST CLOSURE CARE COST

The City of Valdosta closed its landfill in 1999. State and federal laws require the City of Valdosta to cover the landfill site and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The \$1,036,354 reported as landfill closure care liability at June 30, 2011 represents the estimated total amount necessary to perform all future closure and post closure functions. The cumulative amount reported is based on the use of 100 percent of the capacity of the landfill. The amount reported is based on what it would cost to perform all closure and post closure care in 2011. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The City has applied the necessary financial tests to ensure compliance with the financial assurance requirements. The tests were applied based on the City's Comprehensive Annual Financial Report (CAFR) for fiscal year ended June 30, 2010. The City meets or exceeds the requirement of each financial test ratio. The assured costs related to the City of Valdosta's landfill are identified in both the annual operating budget and the CAFR. The City has reported cost assured for closure and post closure in accordance with GASB Statement 18.

Closure and post closure care cost of the City is as follows:

	Balance			Balance	Within One
Enterprise Funds	July 1, 2010	Additions	Reductions	June 30, 2011	Year
Landfill post closure care liability	\$1,055,138	\$0	\$18,784	\$1,036,354	\$52,500
Total post closure care liability	\$1,055,138	\$0	\$18,784	\$1,036,354	\$52,500

NOTE 12. CONTINGENT LIABILITIES

The government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

Due to the lag time between expenses being incurred and claims submitted for payment there is a liability at June 30, 2011, against the self-insurance fund. This incurred but not reported (IBNR) liability is estimated to be \$395,000. This number was calculated by analyzing the plan's payment lag and projecting the resulting trend into the next fiscal year.

NOTE 13. FUND BALANCE DEFICITS

The following funds had deficits at June 30, 2011:

The EECBG Department of Energy had a deficit of \$13,936, EDI-SP HUD Economic Development Fund had a deficit balance of \$98,205, U.S. Department of Justice LLBG Grant Fund had a deficit balance of \$5,521, and CDBG-R HUD Recovery Grant had a deficit of \$44,003, all due primarily to intergovernmental revenues not being received within 31 days of the City's year end.

The Inspections Fund had a deficit net assets of \$401,311 due to reduction in permits issued. The Zoning Fund had a deficit net assets of \$962,879 due to insufficient revenues. The Auditorium Fund had a deficit net assets of \$847,983 due to insufficient bookings. The City is reviewing the fee schedules and tax subsidy.

NOTE 14. INTERFUND TRANSACTIONS

During the course of normal operations, the City has numerous transactions between funds including expenditures and transfers of resources to provide services. The Internal Service Funds record charges for services to all City departments and funds as operating revenue. Both Governmental and Proprietary Funds record these payments to the Internal Service Funds as operating expenses/expenditures. The remaining transfers of resources from a fund receiving revenue to the fund through which the resources are to be expended are recorded as transfers and are reported as other financial sources (uses) is the Governmental Funds and transfers section in the Proprietary Funds.

Transfers between fund types during the year ended June 30, 2011, were:

	Transfers In	Transfers Out
General Fund	\$1,595,008	\$1,490,556
Sanitation Fund	0	547,807
Water and Sewer Fund	0	1,323,876
Storm Water Fund	0	185,008
Other Governmental Funds	439,670	0
Other Enterprise Funds	60,000	110,442
Internal Service Funds	1,563,011	0_
	\$3,657,689	\$3,657,689

General Fund transferred \$439,670 to Airport Development Fund and \$1,050,886 to Group Insurance. Sanitation and Water and Sewer transferred \$100,934 and \$46,885 respectively to the Motor Pool to finance vehicle purchases. Sanitation transferred \$86,873 to Group Insurance, Water and Sewer transferred \$226,991 to Group Insurance. Inspections transferred \$39,233 to Group Insurance. Zoning transferred \$11,209 to Group Insurance. All transfers to Group Insurance were to reimburse that fund for medical costs incurred. Motor Fuel transferred \$60,000 to the Zoning Fund. All other transfers were to the General Fund. Transfers to General Fund reimburse the cost of administrative and support services provided to other funds.

NOTE 15. JOINT VENTURES

Under Georgia Law, the City, in conjunction with other cities and counties in the three county South Georgia area, is a member of the Southern Georgia Regional Commission and is required to pay annual dues thereto. During the year ended June 30, 2011, the city paid \$68,966 in such dues. Membership in the Commission is required by the official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the Commission of Georgia. The Commission Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a Commission.

The Commission revenues are sufficient to cover its operating costs and the City does not expect the entity to dissolve in the foreseeable future. The Commission is neither accumulating significant financial resources nor experiencing fiscal stress that may cause an additional financial benefit to or burden upon the City.

Separate financial statements may be obtained from:

Southern Georgia Regional Commission 324 West Savannah Avenue Valdosta, Georgia 31601

NOTE 16. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; injury to participants at city facilities; and natural disasters. The City is self-insured for workman's compensation, certain types of property damage, and general liability. These liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be

reasonably estimated. The liabilities include an amount for claims that have been incurred but not reported (IBNR). At June 30, 2011, there is no known liability.

The City is also self-insured for medical claims by the employees and employees' dependents that are covered under the medical plan. The plan is a self funded welfare benefit plan providing health and hospitalization benefits. Claims under the plan are paid solely from the general assets of the City of Valdosta. Losses greater than \$120,000 per aggregate individual claim are insured by a private insurance company. The plan is administered by the Plan Administrator, with Group Resources, Inc., an Administrative Service Agent, acting as claims paying agent. The City of Valdosta and employees' contributions cover the cost of the plan. The City's contributions and any employee pretax contributions withheld by way of payroll deduction are held by the City and used to pay the plan's benefits. Any after-tax employee contributions may be held in trust by the trustee. The amount of all such contributions are actuarially determined where necessary. As previously stated in Note 12, there is a liability of \$395,000 recorded for those medical claims incurred but not reported. Changes in the balances of the claimed liabilities during the past two fiscal years are as follows:

	Unnoid alaima	Incurred		Unnaid alaims
	Unpaid claims, beginning of fiscal year	claims (including IBNR's)	Claim payments	Unpaid claims, end of fiscal vear
June 30, 2010	\$359,062	\$4,612,193	(\$4,677,586)	\$293,669
June 30, 2011	293,669	5,323,626	(5,179,010)	438,285

The City carries commercial insurance purchased from an independent third party for fire damage to the City's vehicle fleet for those damages exceeding \$10,000 based on a stated value of the vehicle which approximates the current market value.

The risks of errors and omissions; injury to participants at city facilities; and theft of funds are covered by commercial insurance purchased from independent third parties. These policies carry a \$15,000 deductible per occurrence.

Claims Exceeding Commercial Coverage for the Year Ended June 30:

2011	\$0
2010	0
2009	0

NOTE 17. DEPARMENT OF LABOR BUILDING OPERATING LEASE

The Georgia Department of Labor (DOL), as a department of the State Government of Georgia, entered into a long-term lease with the City of Valdosta. The structure was built-to-suit the needs of the State for the Georgia Department of Labor.

The Georgia Department of Labor agrees to pay the City of Valdosta a fixed monthly rent of \$39,096. The DOL has an option of renewing or extending the agreement on a year to year basis for nineteen (19) consecutive years. Total remaining rents amount to \$6,568,123. The City of Valdosta will, at their sole cost, service, replace, keep and maintain in good order and repair each and every portion of the existing premises. In addition, the City is responsible for providing various insurance coverages. The building's cost is \$4,364,002 and its carrying amount is \$3,753,042. Depreciation on the building amounts to \$87,280 annually.

NOTE 18. ACCOMMODATIONS TAX

The City collects and disburses an accommodations tax in accordance with the provisions with OCGA 48-13-51. The total rate of 5% generated \$1,457,712, net of vendor's compensation of \$46,441, in tax receipts and was allocated as follows: \$597,658, or 40%, to the Valdosta/Lowndes County Tourism Authority, \$370,000 to the Valdosta/Lowndes Conference Center, \$289,237 to the Airport Authority, and \$190,000 to the Turner Arts Center. The remainder of \$10,817 was retained by the City and will be spent in accordance with legal provisions.

NOTE 19. ACCOUNTING CHANGES

FUNDS OPENED

Property Evidence Fund – to account for property collected by the City of Valdosta's Police Department.

EDI-SP HUD – Economic Development Initiative– allocated for the City of Valdosta to be used for the reconstruction and development of an eight block transportation corridor in the heart of the City's African American Community.

Evidence Agency Fund – to account for monies taken in by the Valdosta Police Department but not condemned.

FUNDS CLOSED

Sales Tax 97 Fund was closed due to all revenues brought in by the sales tax being expended.

Recreation and Parks Fund was closed as a Recreation Authority was legally formed and now independently maintains their funds.

NOTE 20. CONSTRUCTION COMITTMENTS

The City has active construction projects as of June 30, 2011. The projects include the expansion of the City's water system, expansion of the Mud Creek Waste Water Treatment Plant, and drainage improvements. At year end, the City's commitments with contractors are as follows:

<u>Project</u>	Spent-to-date	Remaining Commitment
Mud Creek Plant Expansion	\$30,498,742	\$15,731,739
Mud Creek Plant Expansion	4,396,545	941,257
MLK Corridor Project	325,718	108,241
Pump Station	1,469,957	1,451,957

The Mud Creek Plant Expansion is financed by the Georgia Environmental Finance Authority. The MLK Project is financed by federal grants and special purpose local option sales tax proceeds. The pump station improvements are paid from user fees.

Non-Major Governmental Funds

Special Revenue Funds

Confiscated Funds - to account for confiscated funds collected by the City of Valdosta's Police Department.

Property Evidence Fund - to account for property collected by the City of Valdosta's Police Department.

GA DCA Chip Grant 98M-X_092_512-013 - to account for grant funds received from the Georgia Department of Community Affairs. The Chip program provides funding for a portion of construction costs for nine new homes for eligible low and moderate income persons.

U.S. Department of Justice Local Law Enforcement Block Grants - to account for Local Law Enforcement Block Grant funds from the U.S. Department of Justice which are to be used to purchase equipment in the City's Police Department.

Urban Development Action Grant Fund - to account for funds received in accordance with Title I, Section 119, of the Housing and Community Development Act of 1974. Funds are designated for the use of financing second mortgages for qualified buyers.

GA DCA CHIP Grant 01M-X-092-2-2568 - to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons.

GA DCA CHIP 02M-X-092-2-2695 - to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons.

Federal HUD Entitlement Grant - to account for grant funds from the U. S. Department of Housing and Urban Development Community Development Block Grant Entitlement Program. This program supplies funds to support the development of viable urban communities by providing decent housing, a suitable living environment and economic opportunities, principally for persons of low and moderate income.

GA DCA CHIP 04M-X-092-2-2915 – to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding a portion of construction costs for new homes for eligible low and moderate income persons as well as funding for home-owner rehabilitation projects.

GA DCA CHIP 06M-X-092-2-2951 – to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons as well as funding for home-owner rehabilitation projects.

GA DCA CHIP 07M-X-092-2-2961 – to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons as well as funding for home-owner rehabilitation projects.

GA DCA CHIP 07MR-X-092-2-2979 – to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons as well as funding for home-owner rehabilitation projects.

EECBG – **Department of Energy** – to account for trant funds to provide funds for the City of Valdosta to implement energy efficiency retrofits to replace existing lighting fixtures with electronic ballasts, use of fluorescent lamps, installation of LED lights, and replacement of older HVAC systems.

EDI-SP HUD – Economic Development Initiative – to account for grant funds allocated for the City of Valdosta to be used for the reconstruction and development of an eight block transportation corridor in the heart of the City's African American Community.

CDBG-R HUD Recovery Grant – to account for grant funds from the U. S. Department of Housing and Urban Development Community Development Block Grant Recovery Funds program. Funding has clear purposes to stimulate the economy through measures that modernize the Nation's infrastructure, improve energy efficiency, and expand educational opportunities and access to healthcare.

Accommodation Tax Fund - this fund accounts for hotel/motel tax monies received by the City. These funds are used to promote tourism in Valdosta and Lowndes County. By statute, 40% of collections must go to the Tourism Authority. The remainder is used to fund the City's contributions to the Conference Center, Airport Authority, and Industrial Authority.

Youth Recreation Scholarships - to account for funds received by contribution and/or fund raisers to be used to offset costs for economically disadvantaged youth who want to participate in the City's recreation activities and sports programs.

Capital Project Funds

Airport Development Fund - to account for the financing and construction of ongoing capital improvements at the Valdosta Regional Airport. The majority of the financing is provided by grants from the Federal Aviation Administration and the Georgia Department of Transportation.

General Capital Projects Fund - to account for the financing of various capital improvement projects. The majority of financing is provided through grants from the Georgia Department of Transportation and General Fund revenues.

Parks Development Fund - to account for the financing and construction of ongoing capital improvements. The majority of financing is provided through General Fund revenues and grants through Heritage Conservation and Recreation Service.

Permanent Fund

Sunset Hill Trust Fund - to provide perpetual care for the Sunset Hill Cemetery. For reporting purposes, there are two distinct sections of the cemetery, designated New Section and Old Section. The primary difference between the two sections is that the sales price of lots in the New Section includes perpetual care, whereas in the Old Section, perpetual care is sold separately. Interest income earned on investments is transferred to the General Fund to aid in maintaining the cemetery.

Internal Service Funds

Motor Pool Fund - to account for the cost of operating a maintenance facility for automotive equipment. The fund purchases the automotive equipment and leases the equipment to user departments on a predetermined per mile basis or monthly rate based on accumulated historical costs.

Group Insurance Fund - to account for transactions related to the provision of health care benefits for career employees of the City.

Workman's Compensation Fund - to account for the transactions related to the workman's compensation claims paid by the City.

Statistical Section (Unaudited)

City of Valdosta, Georgia Statistical Section (Unaudited)

This part of the City of Valdosta's comprehensive annual financial report presents detailed information as a context for understanding this year's financial statements, note disclosures, and supplementary information. This section includes data for the City (i.e., the primary government) only and does not include the City's discretely presented component unit. This information has not been audited by the independent auditor.

Financial Trends

These tables contain trend information that may assist the reader in assessing the City's current financial performance by placing it in historical perspective.

Revenue Capacity

These tables contain information that may assist the reader is assessing the viability of the City's two most significant "own-source" revenue sources, water/sewer fees and property taxes.

Debt Capacity

These tables present information that may assist the reader in analyzing the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These tables offer economic and demographic indicators that are commonly used for financial analysis and that can inform one's understanding the City's present and ongoing financial status.

Operating Information

These tables contain service and infrastructure indicators that can inform one's understanding how the information in the City's financial statements relates to the services the City provides and the activities it performs.

Source:

Unless otherwise noted, the information in these tables is derived from the annual financial reports for the relevant year. The City implemented GASB Statement No. 34 in fiscal year 2003, therefore tables presenting government-wide financial data include data only from that year forward.

Source: Lowndes County Tax Commissioner

^{*}Overlapping rates are those of local and county governments that apply to property owners within the City of Valdosta. Not all overlapping rates apply to all Valdosta property owners; for example, the Community Improvement District rates apply only to the city property owners whose property is within the district's geographic boundaries.

Direct and Overlapping Governmental Activities Debt

As of June 30, 2011

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable	Estimated Share of Overlapping Debt
Debt repaid with property taxes Valdosta City School System Central Valdosta Development Authority (CVDA)	\$5,880,000 197,463	100.00% 100.00%	\$5,880,000 197,463
Other debt Lowndes County - Capital leases CVDA Lowndes County - Capital leases Fleet fund	11,245,000 235,000	50.83% 50.83%	5,715,834 119,451 5,835,284
Subtotal, overlapping debt			11,912,747
City direct debt			\$12,492,487

Sources: Assessed value data used to estimate applicable percentage provided by Lowndes County. Debt outstanding provided by each government.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the city's boundaries and dividing it by each unit's total taxable assessed value.

All CVDA debt except for the 5.81% Bond Series 2001 listed above represents projects undertaken for the benefit of the City or Lowndes County with that unit carrying corresponding debt to CVDA, therefore, no other CVDA debt is included in this schedule.

Estimated percentage applicable based on 2010 County taxable valuation of \$2,797,639,139 and City taxable valuation of \$1,422,010,817 percent 50.83%.

CITY OF VALDOSTA, GEORGIA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2011

NOTE 1. GENERAL

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the City of Valdosta (the "City"). The City receives pass-through financial assistance from the Georgia Department of Community Affairs and the Georgia Department of Transportation.

NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council Valdosta, Georgia

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Valdosta, Georgia (the "City"), as of and for the year ended June 30, 2011, which collectively comprise the City of Valdosta, Georgia's basic financial statements and have issued our report thereon dated April 3, 2012. Our report includes reference that the City implemented Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, as of July 1, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of the City of Valdosta, Georgia in a separate letter dated April 3, 2012.

This report is intended solely for the information and use of management, the City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable Mayor and Members of the City Council City of Valdosta, Georgia

Compliance

We have audited the City of Valdosta, Georgia's (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2011. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2011-1 and 2011-2.

Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the

purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying schedule of findings and questioned costs as items 2011-01 and 2011-2. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to ment attention by those charged with governance.

The City's responses to the audit findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, the City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES

None reported

SECTION III FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

2011 - 1. Verification Check for Covered Transactions (Procurement and Suspension and Debarement) –
ARRA Clean Water Program, CFDA# 66.458

JAG Program Cluster, CFDA# 16.803, 16.738

ARRA JAG Program Cluster, CFDA# 16.804

CDBG Entitlement Cluster, CFDA# 14.218

ARRA CDBG Entitlement Cluster, CFDA# 14.253

Criteria: As a recipient of federal awards, the City is charged with the responsibility of verifying that covered transactions (procurement contracts for goods and services that are expected to equal or exceed \$25,000, or meet certain other specified criteria) are not awarded to debarred or suspended parties.

Condition: During our testing of federal award contracts, we noted instances in which the City could not provide documentation that a verification check for debarment/suspension were performed and did not include the requirement within the contract.

Context/Cause: The lack of documentation regarding debarment/suspension was noted during control testing related to the ARRA Clean Water Program, the CDBG Entitlement Cluster, and the JAG Program Cluster.

Effect: Without proper documentation, debarred/suspended parties could be improperly awarded federal grant funds.

Questioned Costs: None

Recommendation: The City should take appropriate measures to ensure that complete documentation of all federal award procurements, iricluding verification checks for suspension/debarment, be properly maintained.

Views of Responsible Officials and Planned Corrective Action: We concur. Departments will work together to ensure that complete documentation of all federal award procurements is properly maintained. Such ways to verify that an entity has not been suspended or disbarred are 1) Checking the EPLS website; 2) Collecting a certification from the entity; or 3) Adding a clause or condition to the covered transaction (contract).

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

SECTION III FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS (CONTINUED)

2011 - 2. Approval of Timecards (Allowable Costs / Cost Principles) - COPS Hiring Program, CFDA# 16.710

Criteria: As a recipient of federal awards, the City is charged with the responsibility of approving employee timecards to ensure that amounts are being properly charged to the federal award.

Condition: During our testing of federal award contracts, we noted an instance in which the City could not provide documentation that approval of employee timecards were performed.

Context/Cause: The lack of documentation regarding approval of payroll was noted during control testing related to COPS Hiring Program.

Effect: Without proper documentation, payroll expenditures could be improperly charged to federal award programs.

Questioned Costs: None

Recommendation: The City should take appropriate measures to ensure that complete documentation of all payrolls being charged to federal award programs include the proper approval.

Views of Responsible Officials and Planned Corrective Action: We concur. All payroll timecards will be approved prior to the payroll being entered into the system.

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS FOR THE YEAR ENDED JUNE 30, 2011

STATUS OF PRIOR YEAR AUDIT FINDINGS

2010 - 1. Verification Check for Covered Transactions – ARRA Clean Water Program, CFDA# 66.458

Criteria: As a recipient of federal awards, the City is charged with the responsibility of verifying that covered transactions (procurement contracts for goods and services that are expected to equal or exceed \$25,000, or meet certain other specified criteria) are not awarded to debarred or suspended parties.

Condition: During our testing of federal award contracts, we noted one instance in which the City could not provide documentation that a verification check for debarment/suspension was performed.

Status: Unresolved. See current year finding 2011 - 1.
