

INVITATION TO BID

RETURN:

Teresa Davis
 Purchasing Agent
 Division of Purchasing
 216 E. Central Ave. (2nd Floor)
 Valdosta, GA 31601

Date: May 19, 2026
 Case Number: 20251815
 Property address: 2015 W Hill Ave.

SEALED BIDS WITH THE CASE NUMBER AND ADDRESS ON THE OUTSIDE OF THE ENVELOPE MUST BE PHYSICALLY RECEIVED IN THE DIVISION OF PURCHASING BEFORE **10:00 AM EST TUESDAY, JUNE 2, 2026.**

- Bids received after the due date/time will not be accepted.
- Faxed/Emailed bids will not be accepted.

You are invited to submit your bid to furnish the materials and/or services described below. Please submit your bid, including prices/fees net of all discounts. If you have any questions, please contact Senior Marshal Josh Hunt at 229-460-9402.

Requirements to Be Considered:

All required documents must be submitted with the bid unless the Contractor has previously been awarded a bid with the City of Valdosta and those documents are already on file. Submission of documents for bids not awarded does not satisfy this requirement. A City of Valdosta business license is required for the award; proof of license must be provided before contract execution. General liability insurance is required, and workers' compensation insurance is required if employing three (3) or more employees.

Bid Submission Instructions:

All documents in this bid packet must be reviewed. The Demolition and Disposal Contract Agreement must be completed with the bid amount and signed. **Unsigned or incomplete contracts will be disqualified.**

DESCRIPTION - DEMOLITION

This job is for the demolition and disposal of the dilapidated rear hotel building only. The front hotel building is occupied and shall not be disturbed. The awarded contractor shall be responsible for locating and properly capping the waterline connected to the rear building before demolition. All demolition-related debris shall be removed, and the demolition area shall be left level, clean, and properly stabilized.

This structure contains asbestos. In accordance with NESHAP asbestos abatement requirements, the awarded contractor must ensure that all asbestos-containing materials are removed and disposed of by a State-licensed asbestos abatement professional. Contractors may elect to perform a NESHAP-compliant wet demolition, but the asbestos must still be properly removed and disposed of by a licensed abatement professional following completion of the wet demolition.

Upon completion of the project, the Contractor must provide the City of Valdosta with a copy of the approved Asbestos & Demolition Project Notification form, waste tickets, and/or documentation of proper disposal for all asbestos-containing materials. All handling, removal, disposal, and reporting must comply with applicable federal, state, and local regulations.

DEMOLITION AND DISPOSAL CONTRACTOR AGREEMENT

THIS AGREEMENT executed on this Tuesday, June 2, 2026, by and between the City of Valdosta, and _____ (hereinafter "Contractor").

NOW, THEREFORE, FOR AND IN CONSIDERATION of the mutual promises and agreements contained herein, City of Valdosta hires Contractor, and Contractor agrees to work for City of Valdosta under the terms and for City of Valdosta under the terms and conditions hereby agreed upon by the parties:

SECTION 1 - WORK TO BE PERFORMED PER COURT ORDER # 20251815

- 1.1 **Term.** City of Valdosta agrees to hire Contractor, to perform the services and work as stated in section 1.2 of this agreement.

- 1.2 **Duties.** Contractor agrees to perform all demolition and disposal work as specified for the City of Valdosta on the terms and conditions set forth in this agreement, as follows: The Contractor shall demolish and remove only the dilapidated hotel building located in the rear of the property and identified by the City for demolition. The separate hotel building located at the front of the property is currently occupied and/or in operation and shall not be demolished, damaged, disturbed, or otherwise affected by the work. The

Contractor shall be responsible for locating the waterline connected to the dilapidated rear hotel building identified for demolition and properly capping it off prior to demolition. The Contractor shall take all necessary precautions to ensure that water service, utilities, access points, and any portions of the property not included in the demolition order are not damaged, disrupted, or affected by the demolition work. The Contractor shall clear and remove all materials associated with the demolition of the specified rear building, including the foundation, building materials, rubbish, and debris. Wells, septic tanks, or other buried structures associated with the demolished building are to be filled with dirt. The demolition area is to be level with grade, raked, and bare ground seeded with straw covering.

- (a) Contractor agrees to perform the agreed upon demolition and disposal work at the following address: 2015 W Hill Ave.

- (b) Contractor agrees to perform all work in exact conformity with the attached diagrams and/or specification.

- (c) Price shall include asbestos abatement per Asbestos Survey Report provided by the City.

1.3 Work to Commence Work shall start within **20** days of a signed contract between contractor and City of Valdosta. Work shall be completed within **60** days of signed contract unless other terms are agreed upon by the city in writing.

- (a) Contractor shall provide a copy of the approved Asbestos & Demolition Project Notification Form to the City of Valdosta **prior to payment authorization.**

- (b) Contractor shall provide a copy of the waste tickets and/or documentation of proper disposal for the abatement of asbestos to the City of Valdosta **prior to payment authorization.**

1.4 Liquidated Damages. The following shall be construed as liquidated damages only and shall not in any way be deemed a penalty, but only a reasonable estimate of either the anticipated or the actual loss from breach of this Agreement. In the event the work is not performed by the completion date, then the City of Valdosta shall be entitled to deduct \$100.00 per day from the compensation due contractor as liquidated damages.

SECTION 2 - COMPENSATION

2.1 Compensation. In consideration of all services to be rendered by Contractor to the City of Valdosta and upon approval by the Community Protection Division Marshal, the City of Valdosta shall pay the Contractor the sum of _____.

(Other) Specify terms: _____

2.2 Withholding. Contractor is an Independent Contractor and shall be responsible for his/her/its own income taxes, worker's compensation and other employment taxes.

SECTION 3 - INDEPENDENT CONTRACTOR STATUS

Contractor acknowledges that he is an independent contractor and is not an agent, partner, joint venture nor employee of City of Valdosta. Contractor shall have no authority to bind or otherwise obligate City of Valdosta in any manner nor shall contractor represent to anyone that it has a right to do so.

SECTION 4 - REPRESENTATIONS OF WARRANTIES OF CONTRACTOR

- 4.1 Contractor represents that his/her/its is free to enter into this agreement and that this engagement does not violate the terms of any agreement between Contractor and any third party. During the term of the agreement, Contractor shall devote as much productive time, energy and abilities as is needed and necessary to perform the required duties in a timely and productive manner. Contractor is expressly free to perform services for other parties while performing services for the City of Valdosta.
- 4.2 Contractor represents that his/her/its is licensed by the State of Georgia and City of Valdosta and is in good standing and has received full accreditation to practice the trade, which involves the content of this Agreement. Contractor is responsible to follow all applicable codes, ordinances and laws of the State of Georgia and the City of Valdosta.

SECTION 5 - INSURANCE (Contractor shall provide current copy of insurance requirements)

Contractor shall obtain and maintain in force, at its own expense, throughout the performance of his/her/its obligations under this Agreement, insurance coverage against claims, regardless of when asserted, that may arise out of, or result from, Contractor's operations in connection with the services or duties described above. This insurance shall include the following minimal coverage(s):

- (a) **Comprehensive General Liability.** Contractor agrees to maintain a policy of insurance in the minimum amount of **\$300,000.00**, including broad form contractual liability and personal injury endorsements, providing coverage against liability for bodily injury, death, and property damages for any negligent acts committed by Contractor or his/her/its employees or agents during the performance of any duties under this Agreement. Contractor further agrees to hold City of Valdosta free and harmless from any and all claim arising from any such negligent act or omission.
- (b) **Workers Compensation and Employer's Liability** (if required by state law). Contractor agrees to provide worker's compensation insurance for Contractor's employees and agents and agrees to hold harmless and indemnify the City of Valdosta for any and all claims arising out of any injury, disability, or death of any of Contractor's employees or agents.

SECTION 6 - MISCELLANEOUS PROVISIONS

- 6.1 The provisions of this Agreement shall be binding upon and for the benefit of the heirs, personal representatives, successors and assigns of the parties.

- 6.2 In the event of a default under this Agreement, the defaulted party shall reimburse the non-defaulting party or parties for all costs and expenses reasonably incurred by the non-defaulting party or parties in connection with the default, including without limitation, attorney's fees. Additionally, in the event a suit or action is filed to enforce this Agreement or with respect to this Agreement, the prevailing party or parties shall be reimbursed by the other party for all costs and expenses incurred in connection with the suit or action, including without limitation, reasonable attorney's fees at the trial level and on appeal.
- 6.3 No waiver of any provision of this Agreement shall be deemed, or shall constitute, a waiver of any other provision, whether or not similar, nor shall any waiver constitute a continuing waiver. No waiver shall be binding unless executed in writing by the party making the waiver.
- 6.4 This Agreement shall be governed by and shall be construed in accordance with the laws of the State of Georgia.
- 6.5 This Agreement constitutes the entire agreement between the parties pertaining to its subject matter and it supersedes all prior contemporaneous agreements, representations and understandings of the parties. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing by all parties.
- 6.6 If any provision of this Agreement is held unenforceable, then such provision will be modified to reflect the parties' intention. All remaining provisions of this Agreement shall remain in full force and effect.
- 6.7 Contractor agrees to indemnify, defend, and hold City of Valdosta and his/her/their successors, officers, directors, agents and employees harmless from any and all actions, causes of action, claims, demands, cost, liabilities, expenses and damages (including attorneys' fees) arising out of, or in connection with any breach of, this Agreement by Contractor.
- 6.8 City of Valdosta may terminate this Agreement at any time by providing 10 days' written notice to Contractor. If Contractor fails or refuses to comply with the policies or reasonable directives of City of Valdosta, is guilty of serious misconduct in connection with his/her/their performance hereunder or materially breaches any provisions of this Agreement.
- 6.9 Contractor shall not assign any of his/her/its rights under this agreement, or delegate the performance of any of his/her/its duties hereunder, without the express written prior consent of City of Valdosta.

WITNESS OUR SIGNATURES, this _____ Tuesday, June 2, 2026 _____.

 Approval for Contract

 Contractor

AFTER COMPLETION

Josh Hunt - Senior Marshal
Approval for Payment

Date

2015 W Hill Ave.
Diagrams and/or Specifications

Today's Date: May 19, 2026
Case Number: 20251815
Docket Number: 20251815
Map & Parcel Number: 0088A 018

This lot is to be cleared of all shrubbery, under growth, dead trees, buildings, accessory buildings, all fencing unless it belongs to the neighboring lot, masonry items such as bricks & concrete, litter, clothes lines, swing sets, animal shelters, utility service lines and/or pipes, motor vehicles, tires, batteries, bicycles, campers, steps entering or exiting any structures, foundation walls or pillars, and mailboxes.

This lot should be so clean and level with grade that a riding mower can easily mow grass without any obstacles to mow around or any debris left on the ground to damage the mower.

Asbestos Abatement Requirements

The Contractor is responsible for compliance with all applicable Georgia EPD Asbestos Program requirements and federal NESHAP regulations related to asbestos containing materials present at the site. All abatement, handling, and disposal shall be conducted by licensed professionals, and all required project notifications and waste disposal documentation shall be provided to the City prior to final payment.

Utilities / Waterline Requirements

The Contractor shall be responsible for locating the waterline connected to the dilapidated hotel building identified for demolition and properly capping it off prior to demolition. The Contractor shall take all necessary precautions to ensure that water service, utilities, and access to the separate occupied hotel building that remains in operation are not damaged, disrupted, or affected by the demolition work.

ASBESTOS INSPECTION REPORT

**2015 West Hill Avenue
Valdosta, Georgia**

PREPARED FOR

**City of Valdosta Community Development Department
Community Protection Division
300 North Lee Street
Valdosta, Georgia 31601**

PREPARED BY

**Regulatory Compliance Services, Inc.
2653 NE Cherry Lake Circle
Pinetta, Florida 32350
(229) 293-9990**

DATE OF REPORT

April 28, 2026

GENERAL SPACE APPEARANCE AND STRUCTURE

The structure consists of approximately 10,914 square feet, two (2) stories. It is a wood and metal framed, commercial lodging structure with stucco siding. The interior walls are finished with drywall containing joint compound. The ceilings are finished with drywall with texture. The floors are finished with various types of flooring, including carpet, ceramic tile, floor tile and vinyl flooring. The structure is currently slated for demolition.

LIST OF FUNCTIONAL SPACES AND HOMOGENEOUS AREAS

A *Functional Space* is defined as a spatially distinct unit within a building, which contains identifiable populations of building occupants.

For this inspection, two (2) functional spaces were designated and they include the following:

FUNCTIONAL SPACE 1: Interior Spaces

FUNCTIONAL SPACE 2: Exterior Spaces

A *Homogeneous Area* is defined as an area, which appears similar throughout in terms of color, texture, and date of material application.

For this inspection, six (6) homogeneous areas were determined. The table below describes the sample number, description and type of material sampled, and friability determination.

SAMPLE ID	MATERIAL DESCRIPTION	ACM	FRIABLE Y/N	TYPE S/T/M
A	Ceiling Texture & Joint Compound	ASSUMED & TESTED	Y	S
B	Drywall Joint Compound	ASSUMED & TESTED	Y	S
C	Bathroom Floor Layers	ASSUMED & TESTED	N	M
D	East Room Floor Layers	ASSUMED & TESTED	N	M
E	Stucco Siding	ASSUMED & TESTED	Y	S
RL	Roofing Layers	ASSUMED & TESTED	N	M
KEY: S = Surfacing Material T = TSI Material M = Miscellaneous Material				

SAMPLING & ANALYTICAL TECHNIQUE

An appropriate number of bulk samples were collected from each homogeneous area using the grab method. The samples were securely placed in sealed plastic containers, ensuring sufficient quantity for analysis.

The sample media was prepared for shipment under proper chain of custody and shipped by Federal Express to Eurofins Built Environment Testing East, LLC, a NVLAP certified analytical laboratory. The samples were analyzed for asbestos using polarizing light microscopy (PLM) per the EPA 600/R-93/116 Method. The results are detailed in the table below, and a copy of the analytical report is attached for reference.

SUMMARY OF FINDINGS

For summary purposes, only positive results are listed below.

SAMPLE ID	MATERIAL DESCRIPTION	APPROXIMATE SQUARE FOOTAGE	ANALYTICAL RESULT
C	Bathroom Floor Layers (Bottom Layer Mastic)	700 ft ²	CHRYSOTILE 2%
D	East Room Floor Layers (Bottom Layer Floor Tile & Mastic)	280 ft ²	CHRYSOTILE 2% CHRYSOTILE 2%

ACMs are discovered to exist in the building present onsite.

Sample ID C: The bathroom floor layers are located in each bathroom of every room throughout the structure. The mastic on the bottom layer, laid directly on the concrete, contains asbestos. The bottom layer mastic consists of 700 square feet.

Sample ID D: The east room floor layers are located in the east rooms of the structure on both the first and second floor. The east room floor layers consist of 280 square feet. The bottom layer floor tile and mastic contains asbestos.

NESHAP CONSIDERATIONS

Due to the fact that ACMs were discovered to exist in the building onsite, NESHAP authority for asbestos abatement is **required**. Prior to demolition, the asbestos-containing materials must be properly removed and disposed of by a Georgia licensed asbestos abatement contractor.

CONCLUSIONS

Based upon the findings and discoveries reported herein, it is the conclusion of RCS that asbestos-containing materials were discovered. See table above for specific findings.

RECOMMENDATIONS

Further study is not recommended. Demolition may proceed after the asbestos-containing materials have been removed by a Georgia licensed asbestos abatement contractor. If suspect materials are discovered within walls or below surfaces during the demolition process, immediately contact RCS to consult with the proper handling of the materials discovered.

CERTIFICATION

This is to certify that the inspector, Landon McDaniel, is properly trained, experienced, and qualified by a curriculum and school recognized by the Georgia Department of Natural Resources Environmental Protection Division. This is to further certify that all statements made within this report are true, accurate, and complete to the best of the knowledge and belief of the writer of this report.
