Water Conservation Tip:

The City of Valdosta is currently under a Level 1 drought.

If you have an electric dishwasher, use it only to wash full loads, and use the shortest cycle possible. Many dishwashers have a conserver/water-miser cycle.

For more information on how you can help conserve water or detect a leak in your own home, pick up a City of Valdosta Water Conservation Kit on your next visit to Customer Service while supplies last.
